RAIDER-77

Alan, (Jimmy!) Not really! I don't call you that anymore.
You little cutey, you! I really miss you so much! Talking to you and even seeing you! Although we did have Biology together, you never came to the back of the room to talk to me. I just kept getting framed with Jon Banewych. Sorry we ended your career of dipping in Mrs. Densman's class. I or we didn't do that to be mean! I've always had fun when I was around you! You are such a blast to be around! So original, huh? When I first met you we talked all the time. You better come see me and call me this summer, cause if you don't, I'm going to break every skinny little bone in your body! You mean such a great deal to me as a friends. Please let's always be friends!

Love always,
Annette P.

Gibson

Mrs. M

Alan,

Well I really don't know how to start this, but here goes. Since I met you (I guess about a year ago or so) I've thought the world of you. If a person can have a best friend (boywise) I think I'd consider you mine. ~~You~~ You've always seemed to be there whenever I needed someone for me to ~~tell~~ tell about my problems. (me, Stan, you, Dana) We've had alot of sad, heart-pouring-out talks & I usually I felt alot better after talking to you. Lately I haven't gotten to talk to you very much but I guess it's because we haven't had any classes or anything. You're like a brother to me and you don't know how it feels to know that no matter what someone will be there for me to fall back on. Hope you don't mind me writing this upside down but I thought I'd be different. Remember when you tried teaching me to drive, I about gave you a heart attack! When I get my license I'll demonstrate how good I can drive! HA! HA! Well if you ever need anyone to talk to you can count on me.

Love always,
Nancy

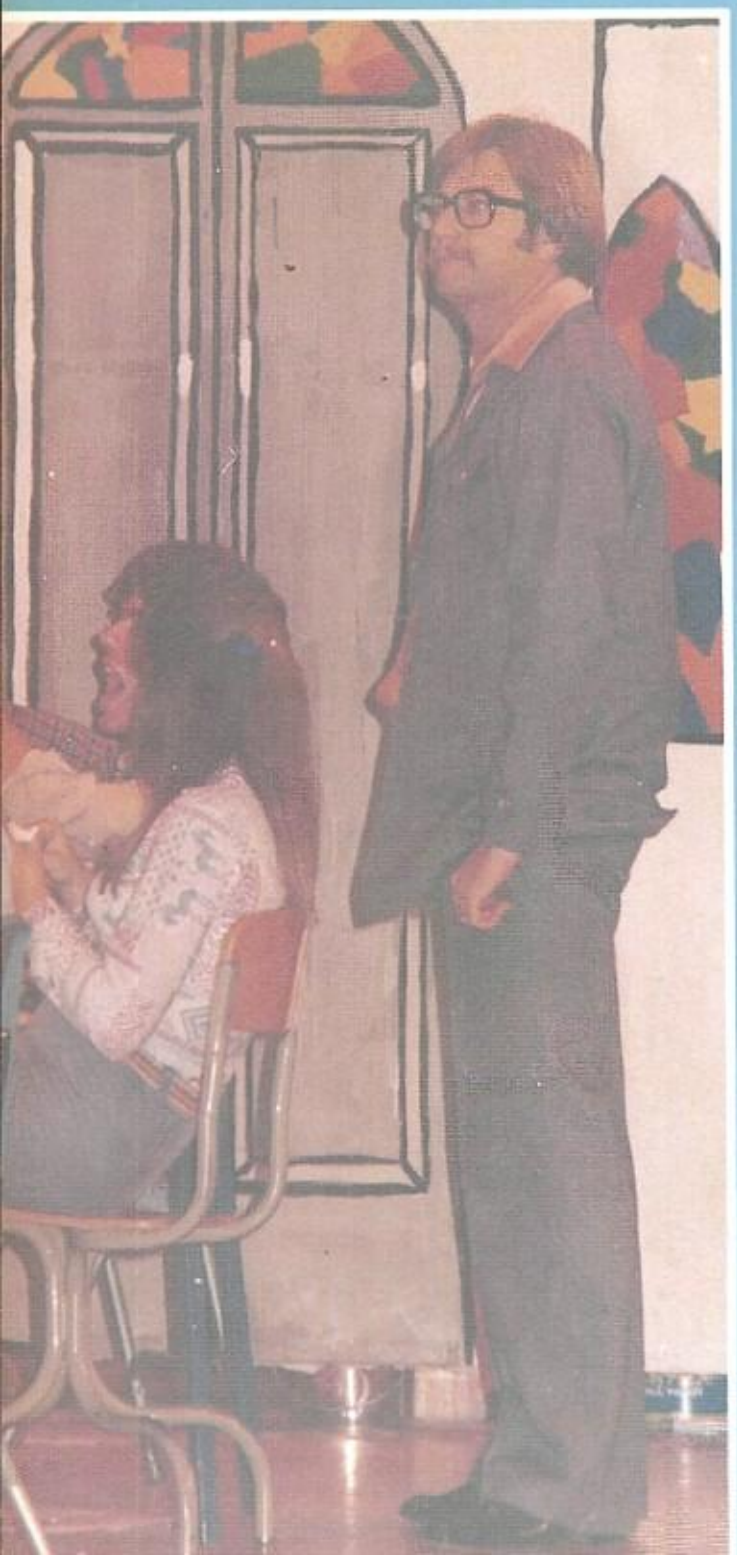
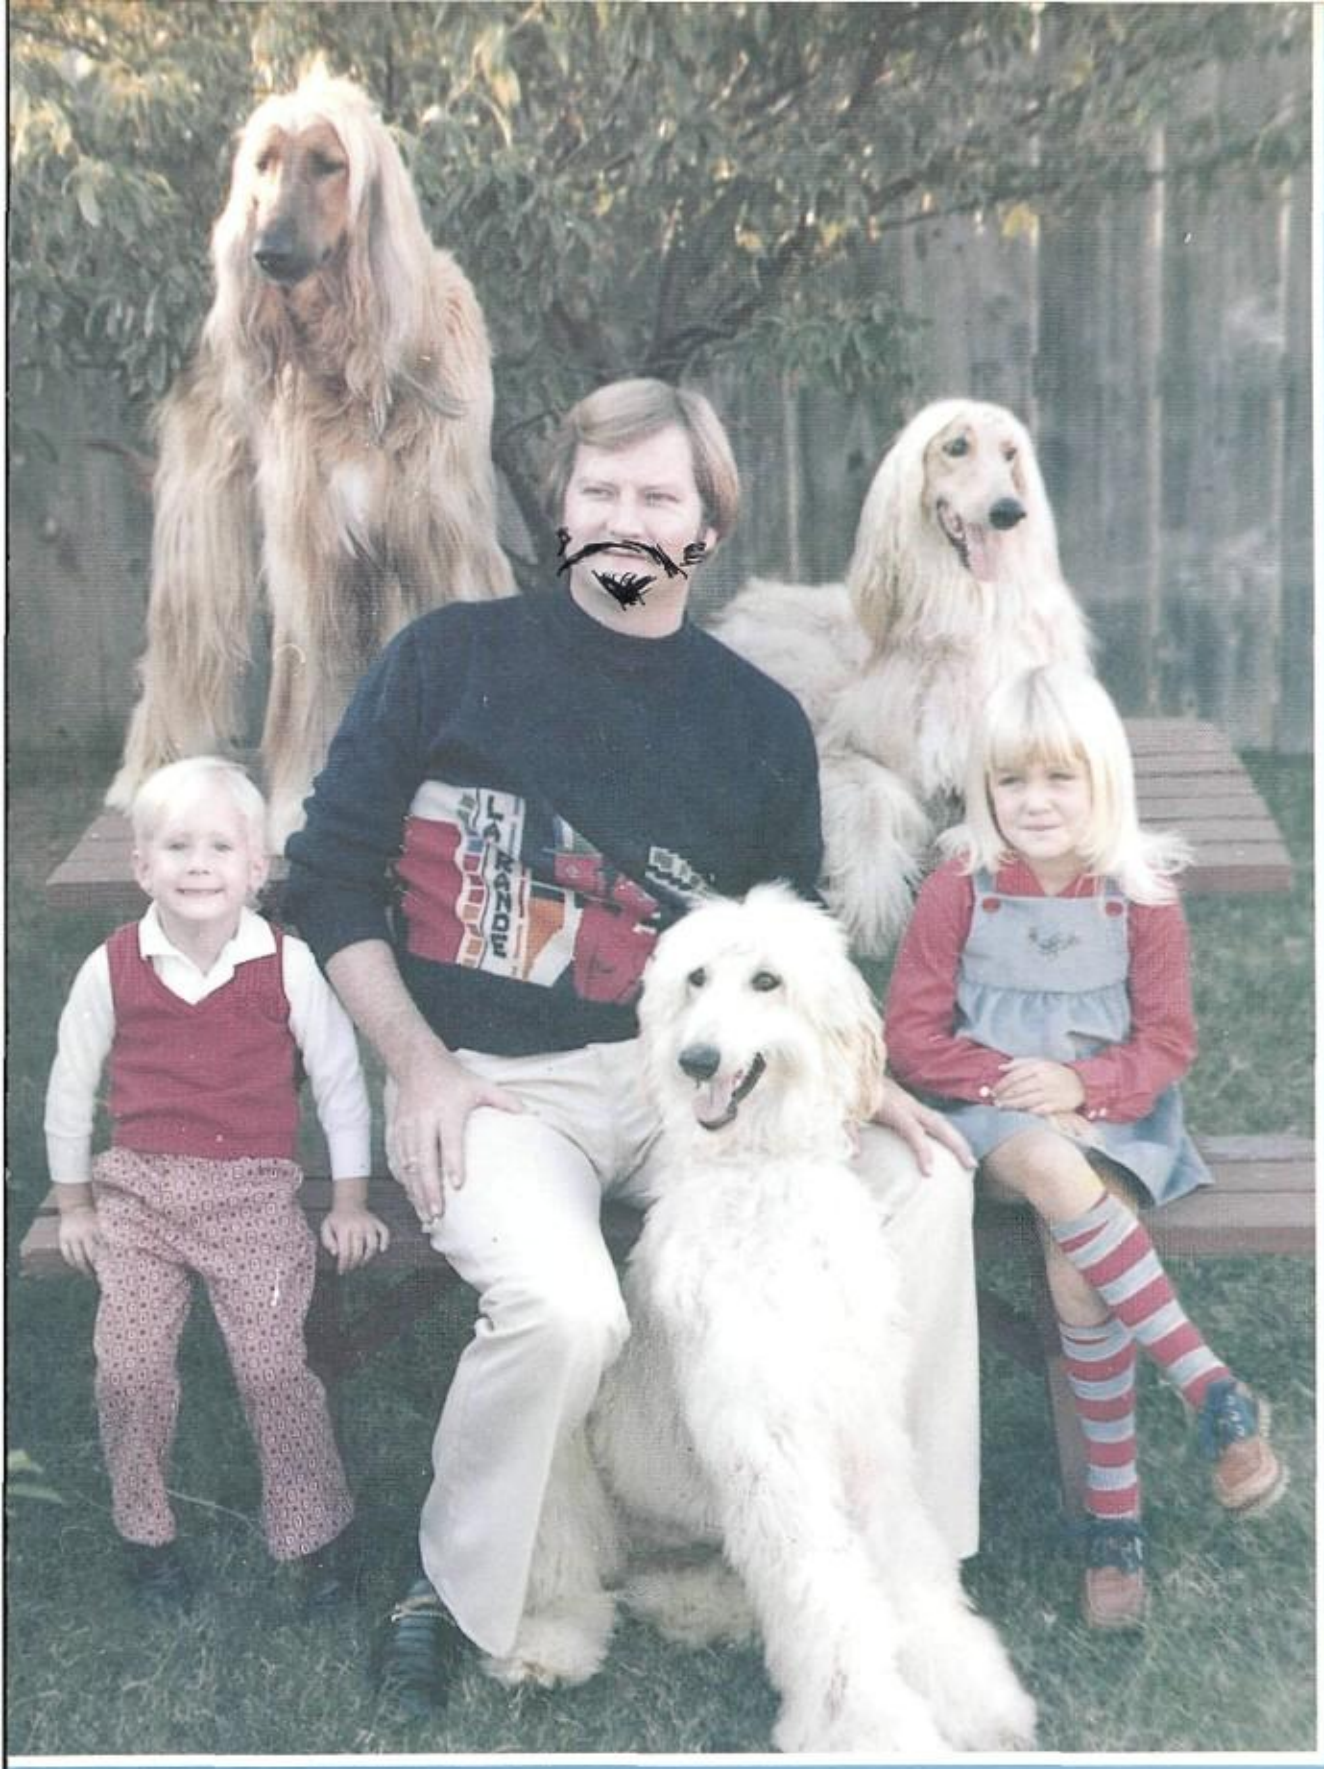
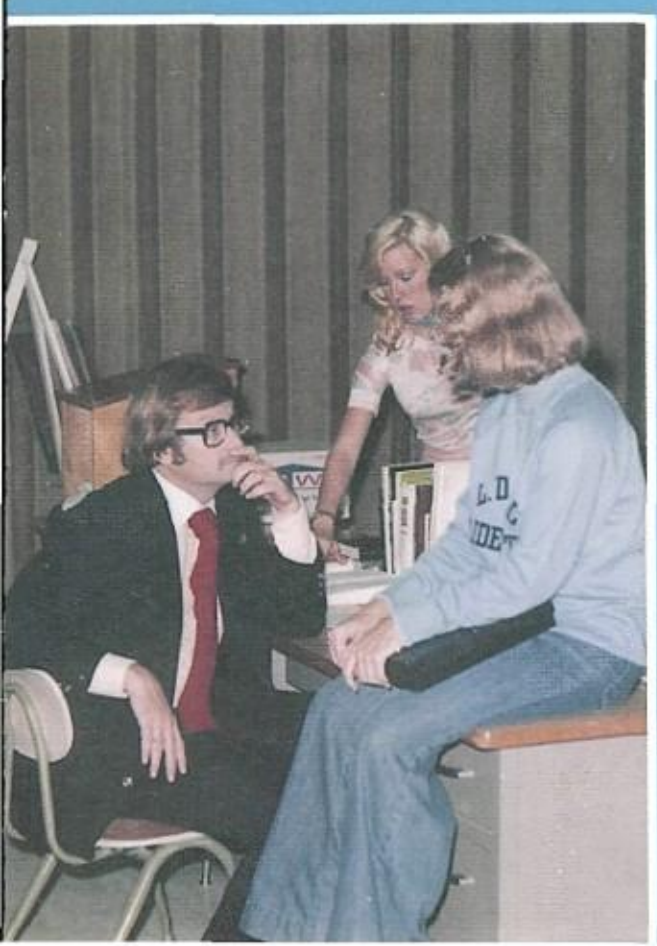
DEDICATION





The dedication of this annual is our opportunity to honor a faculty member here at L.D. Bell for their contributions to the school. This year's Raider staff has chosen a person who gives endlessly of his time and talents to the students. He takes on the challenges of his job with the attitude to do his very best and also expects this of the students he works with. He has been head of the Drama Department since he came to Bell nine years ago. During this time he has gained the respect of many for his outstanding leadership in this department. The annual staff takes great pride in dedicating the 1976-77 Raider to Mr. Tom Dickson. Thank you for sharing this part of your life with us.

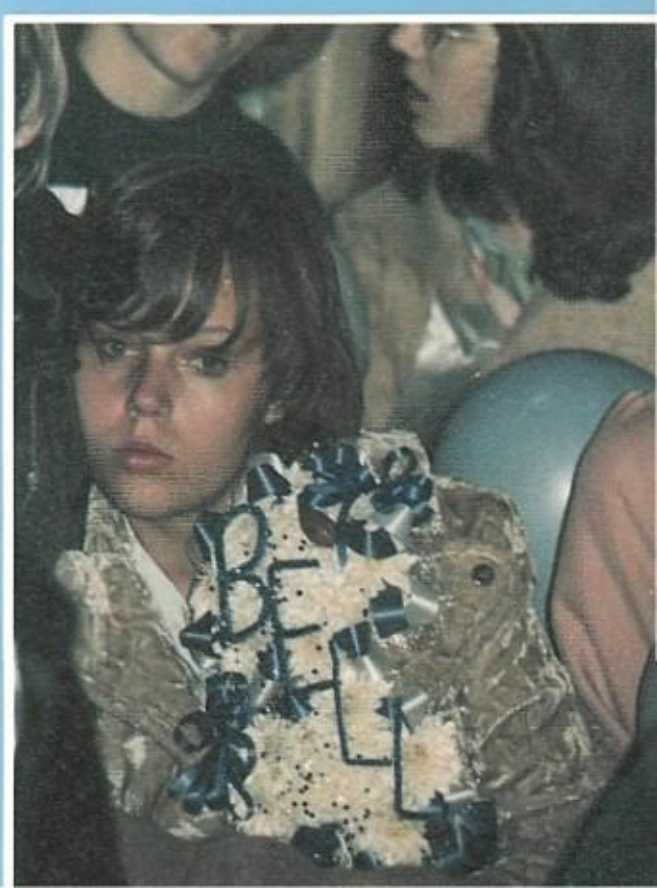


Alan,

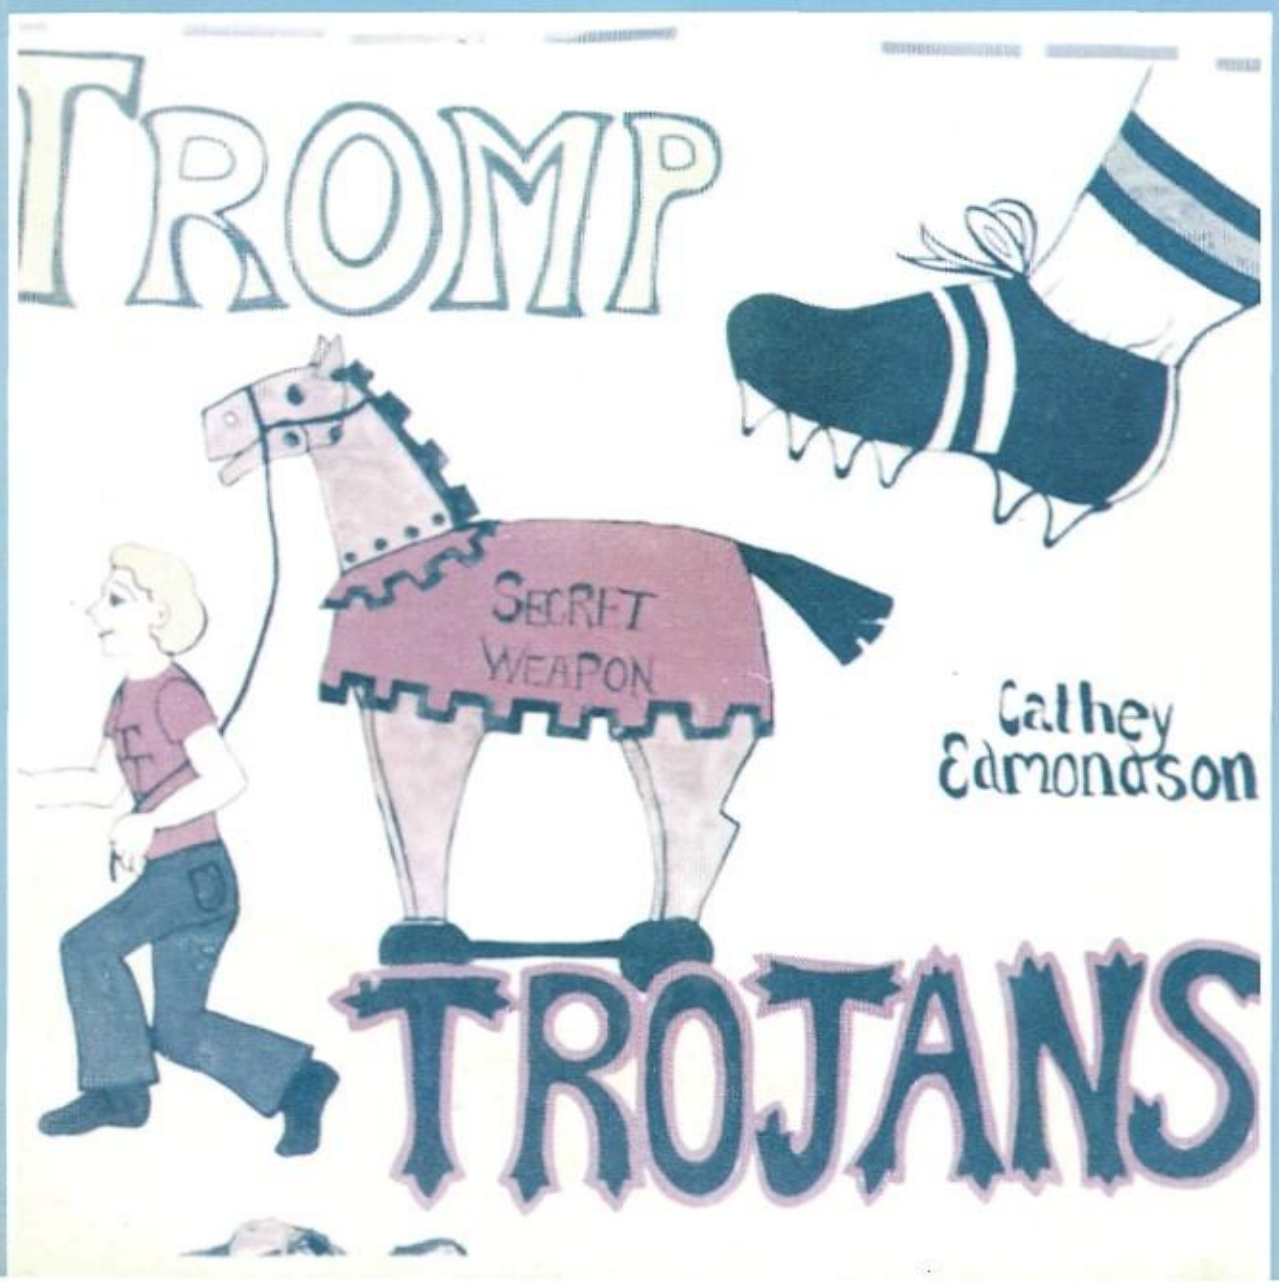
I going to write on a different page.

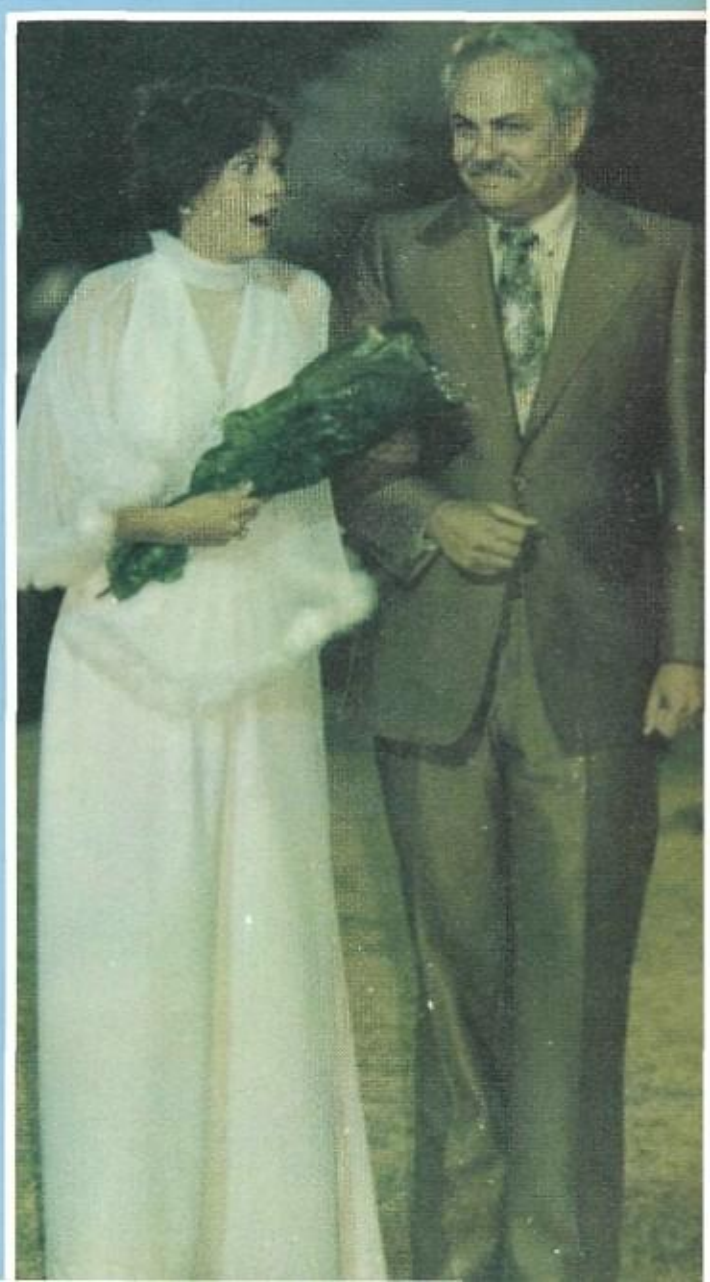
Dave

With the beginning of another school year, so starts a whole new growing experience for many students. In each activity, each new friendship made, and every class taken there is some new feeling to be felt. It might be the thrill and pride of winning a pep rally or perhaps learning to accept the sorrow of defeat and maintaining a cheerful attitude at the same time. What ever the case, it is all part of the wonderful experience of being a student at L. D. Bell.



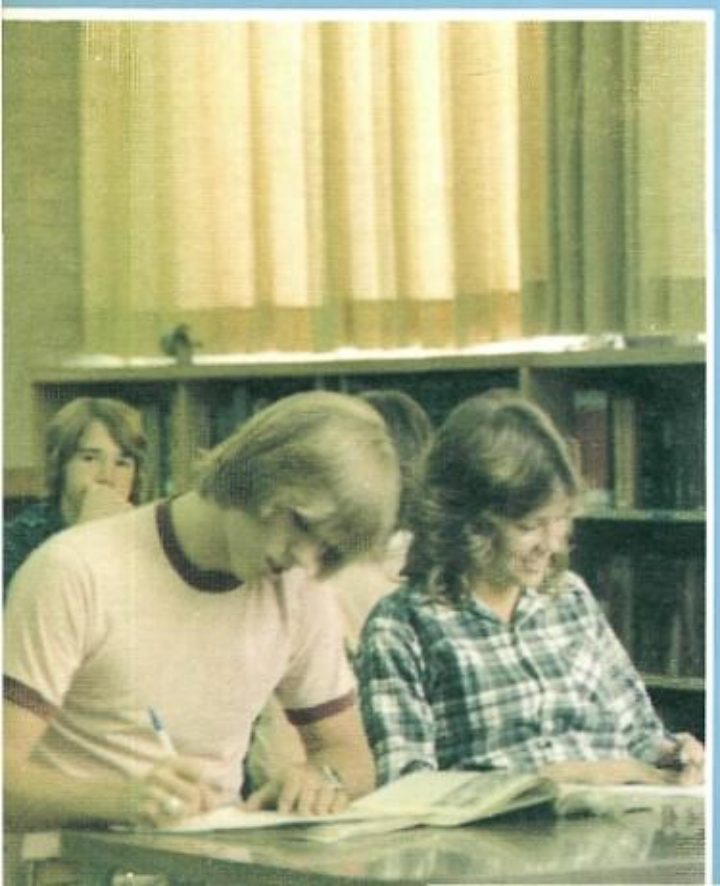
LIFE AT BELL IS FULL OF EMOTION

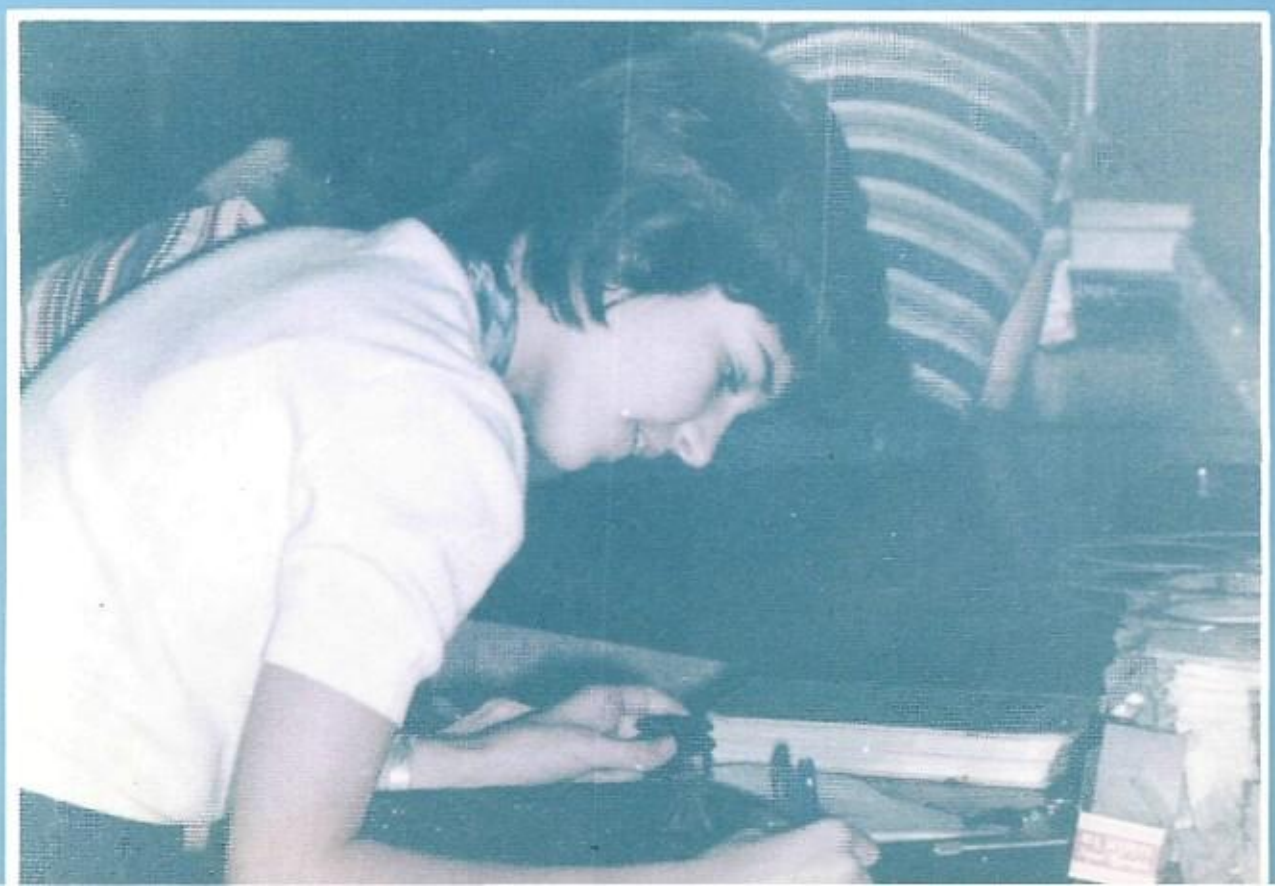


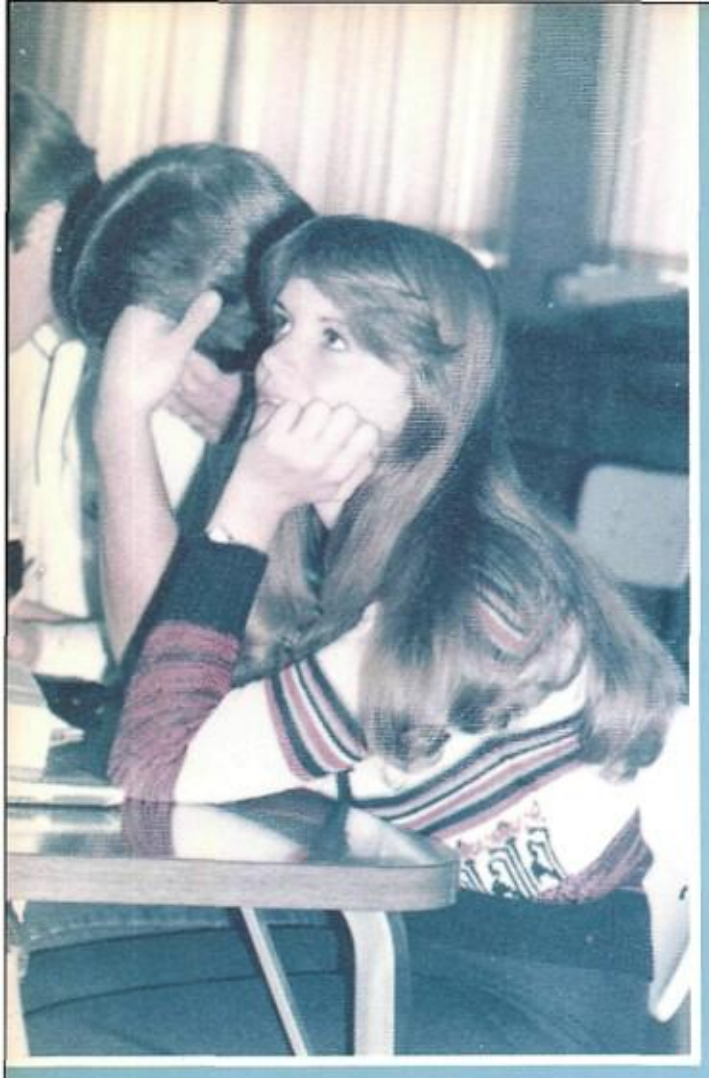


THE SATISFACTION OF DOING YOUR BEST

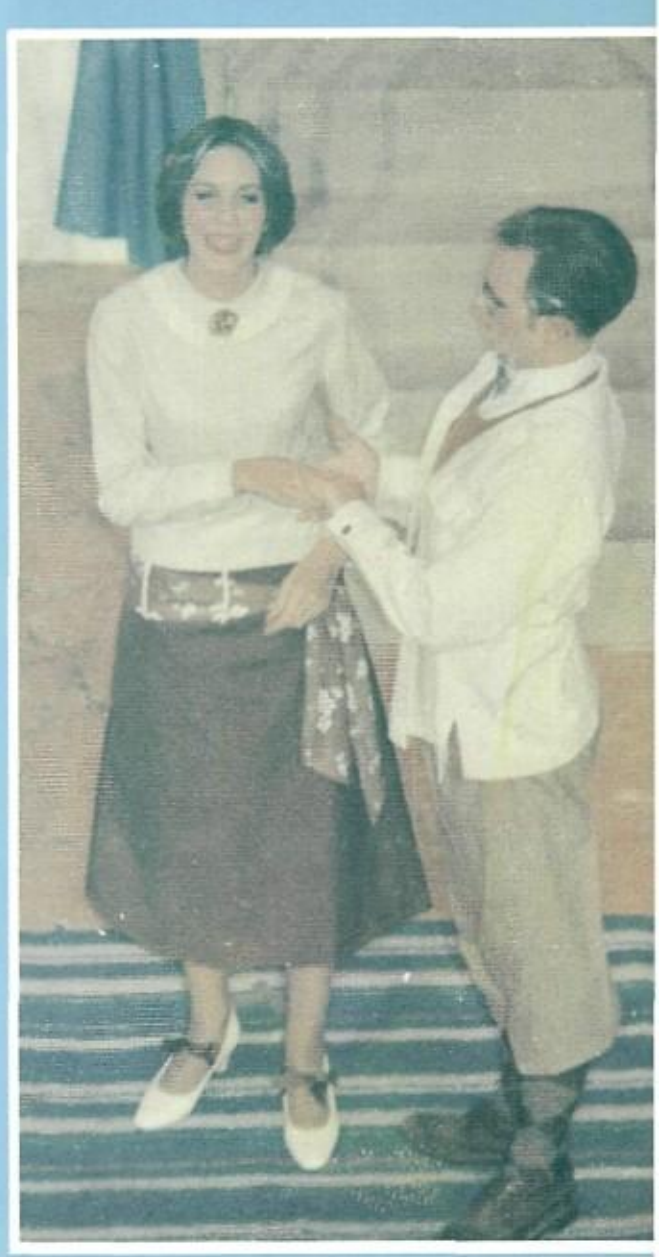
Many Bell students have realized the rewards in doing their very best in any situation. There is a certain satisfaction felt in knowing that the best possible job has been done. This is a great feeling to have and many of the students at Bell know this satisfaction well. In every form of competition and performance the Raiders always set their goals high and reach for the highest honors. Even in case of failure everyone can still hold their heads high with the satisfaction of knowing they have done their best.



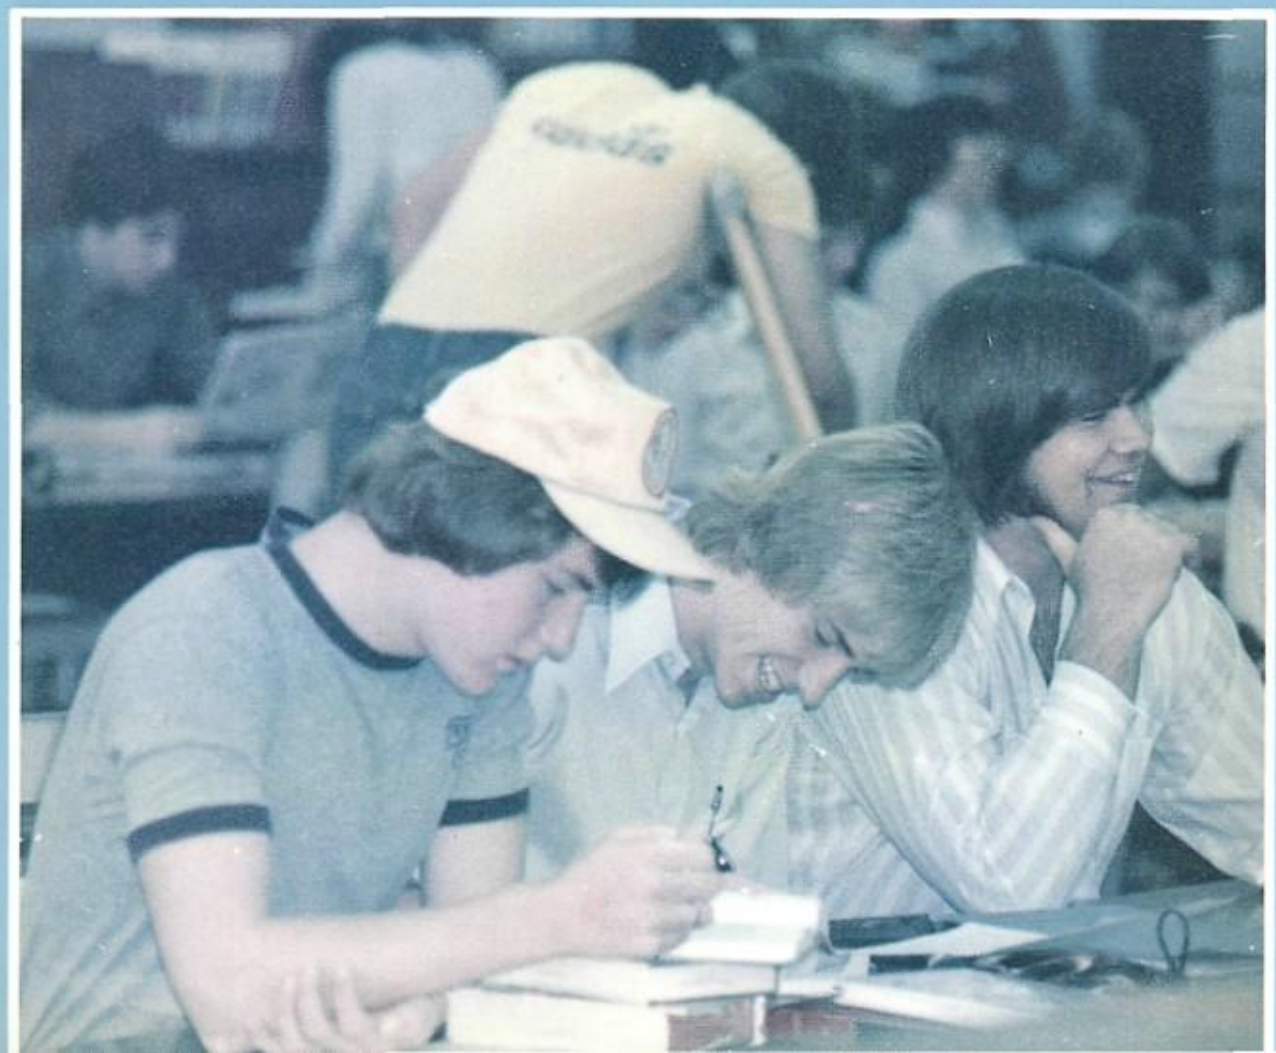




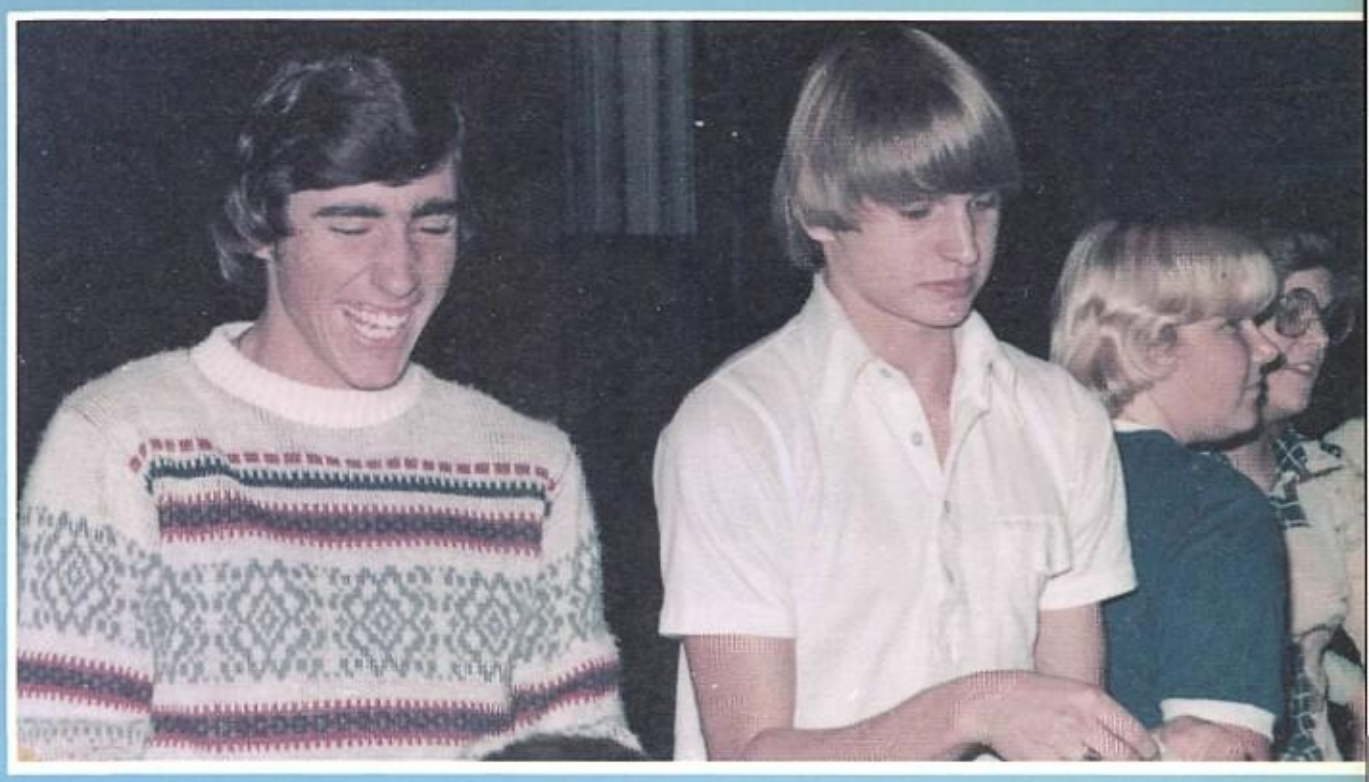
There does not always have to be a big parade or a victory, or a party to bring happiness to someone. Sometimes even the simplest things can bring a smile to the saddest face. Things like being with friends, receiving senior T-shirts in time for the last pep rally, or even seeing those beautiful roses in the courtyard that bloom as winter sets in. At times it is these little things that make even the worst day at school a little better.



THE SIMPLEST THINGS BRING HAPPINESS



GREAT PERFORMANCES BUILD PRIDE IN SILVER AND BLUE



There are different activities throughout the year which call on students to use their special talents. Three examples of these highlights are Homecoming, the Senior Follies, and the fall play. All the students who participate in these activities acquire a great sense of pride when they realize they are representing L. D. Bell with their performances.

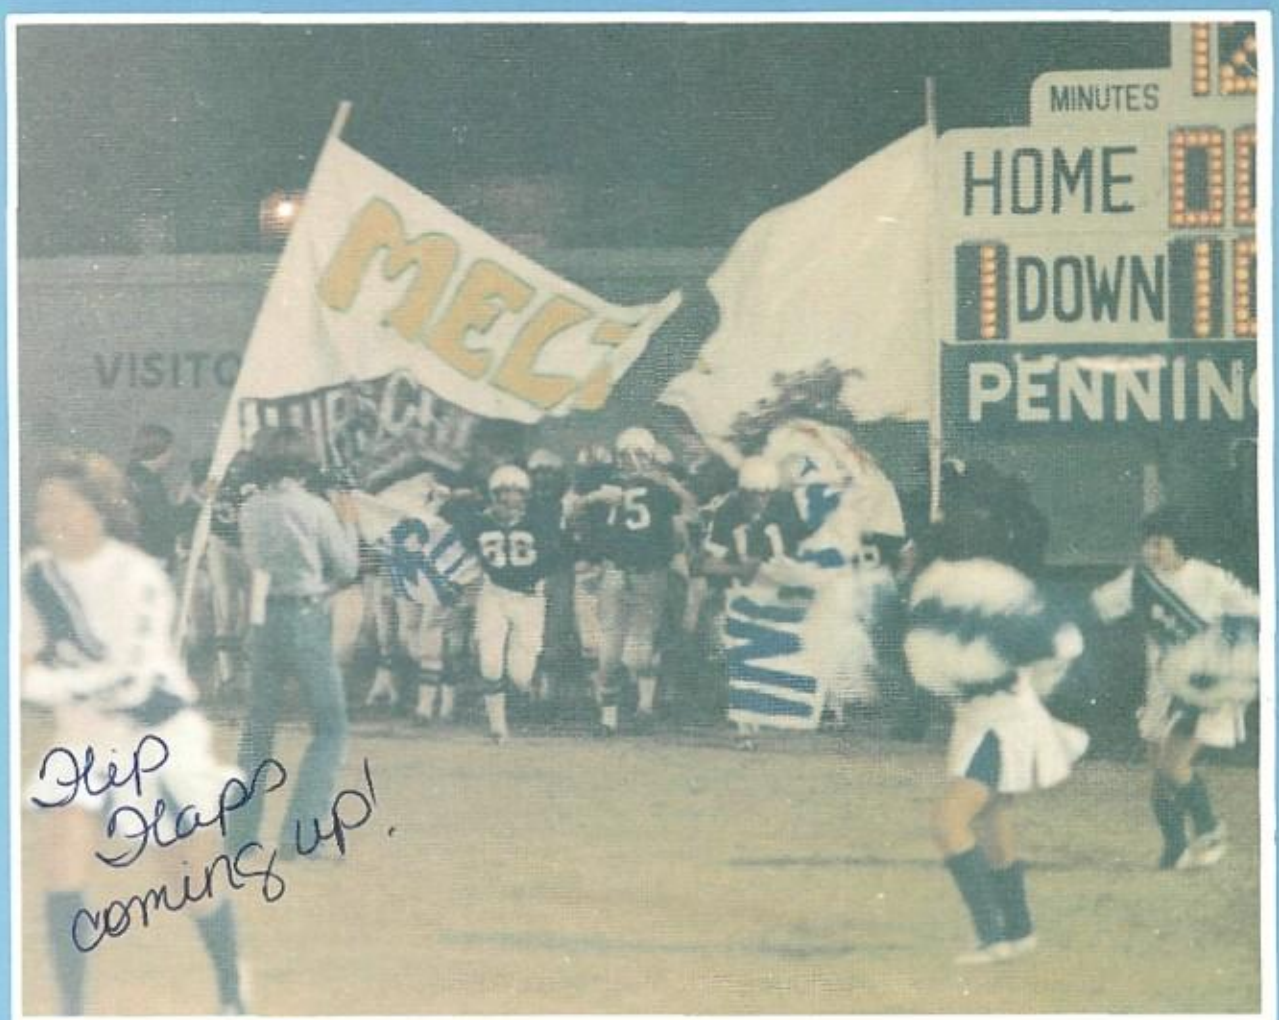
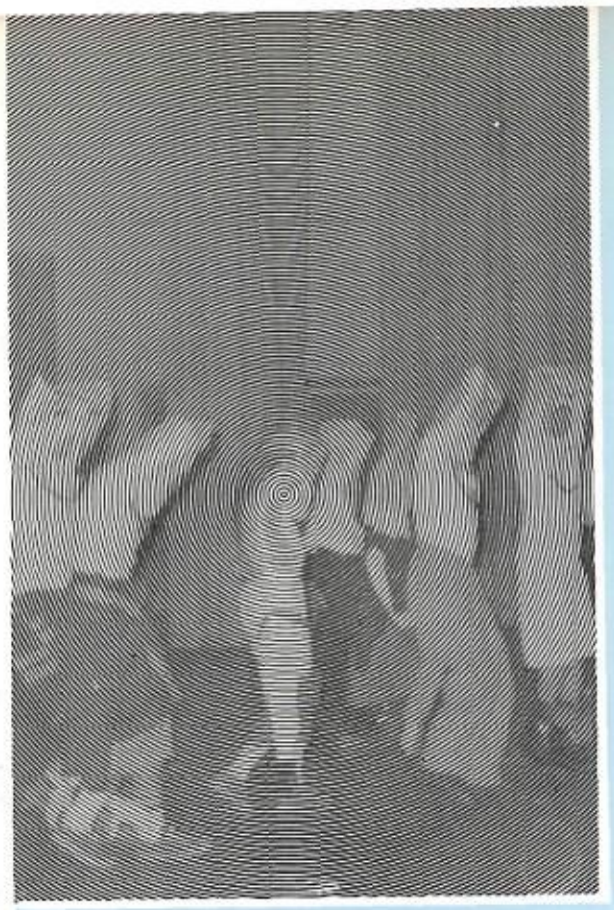
EXHAUSTION SETS IN AS STUDENTS GET INVOLVED

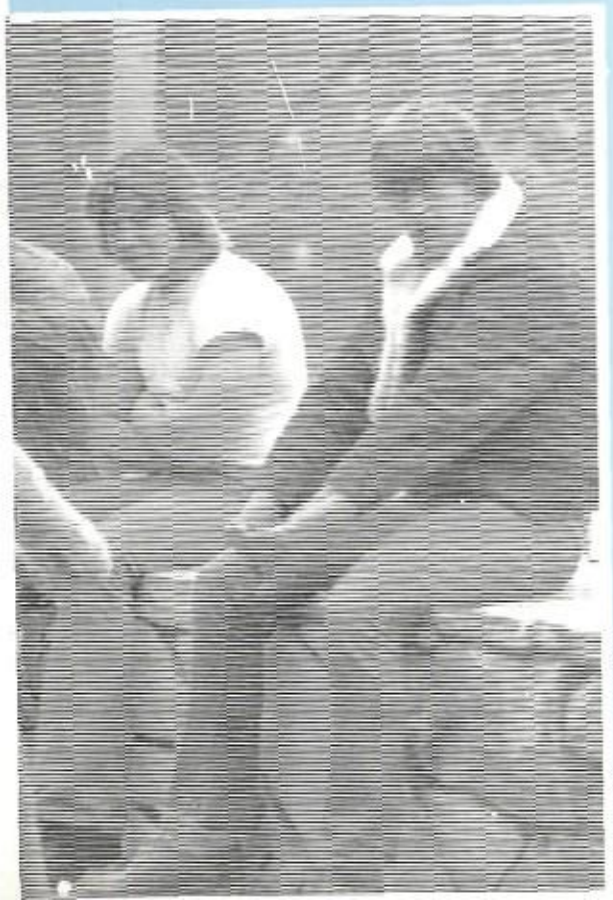
As the year progresses sometimes there are many activities that go on all at once. For those who feel like they have to do everything, exhaustion starts to set in. Fatigue, tired eyes, and doing homework at 1:00 in the morning becomes a way of life around Homecoming. With floats to be made, all three classes work many late nights to meet the deadline. But it is this involvement that makes school fun for so many people and being exhausted is not so bad.

EVERYONE FEELS UNITED UNDER THE RAIDER SPIRIT





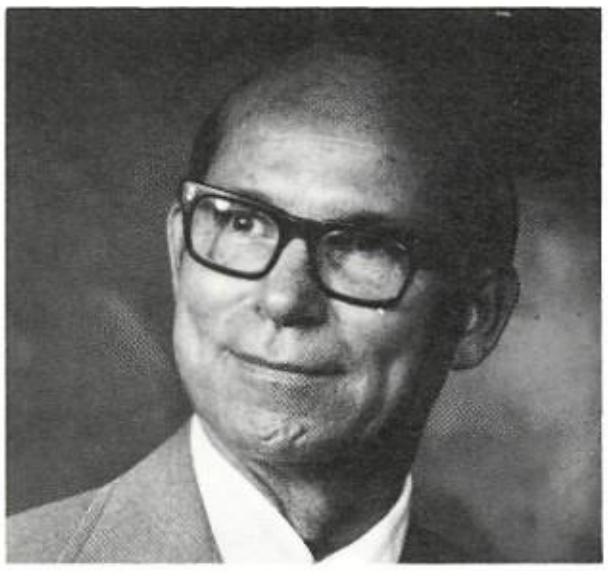
There is a uniting force at Bell that seems to grow stronger and stronger as the year goes on. This force is known as Raider Spirit. It shows in every aspect of school life. The 1976-77 student body of L. D. Bell can proudly and truthfully say, "United We Stand" in the Raider Spirit. This is probably the greatest feeling a student can have while attending L. D. Bell.



FACULTY

The faculty members in each department throughout Bell High School work together to provide the best education possible for their students. Every day these men and women strive to make Bell better academically as well as in other fields. In addition to trying to teach classes which are interesting and educational, most of them devote many hours sponsoring various clubs and attending extracurricular activities. These teachers believe that there should be more to graduation than just earning the required number of credits. One must also learn leadership and the importance of setting standards and goals for our lives before we are really prepared to become mature adults. The teachers of L.D. Bell High School have been selected to help us grow in these ways. Therefore, we believe this qualified group of teachers make up a very important part of this annual and of our school.

HEB SCHOOL BOARD



Members of the HEB school board recommend, direct, and determine policies governing the Hurst-Euless-Bedford school system. They retain a staff of consultants to inspect the schools, employ teachers and administrators whom they can depend on, and work with school principals and teachers to improve the field of instruction.

PRINCIPAL—MR. E. DON BROWN

The future holds a fascination that is unmatched. From man's earliest beginnings, he has fantasized about tomorrow. It is a concept that is all engrossing. Authors have capitalized on this fascination with the innumerable possibilities that the future holds. Men everywhere have speculated on the 1980's and even beyond.

My sincere forecast for tomorrow is an even greater America; greater than the first 200 years of its history. The concerted effort and dedication of you, the students of L.D. Bell High School, and others like you, will witness the greatest evidence of creativity, enthusiasm, and spiritual regeneration this land has ever known.

The pendulum has swung and you are at its pinnacle. Keep up the good work.

E. Don Brown

Mrs. Busby, the Registrar, is in charge of registration of Bell students and keeping all records of attendance and grades.

Included in these services are laminating posters, typing, and running off tests. So, if you ever need to find out what is on a test in advance, ask these four ladies.

HOME ECONOMICS

The five resident teachers of E hall do more than teach girls how to sew, they prepare students for family life. Many girls are taught how to care for children as well as cooking for two or decorating a new home. Guys also learn to cook basic meals and to sew on a button.

All of the Home Economic teachers also sponsor the Bell chapter of Future Homemakers of America.

Well, many times that is exactly what they do and many of the students manage to actually understand what they are talking about. In spite of this, Bell's math teachers are responsible for a very important facet of the student's education. CAFETERIA LADIES

There have been many jokes about the food in Bell's cafeteria, but it is a very hard job trying to please over 2000 students. Nevertheless, these 14 ladies have the responsibility of preparing nutritious and well-balanced meals for the students at Bell High. It is their efforts that supply us with the needed energy to stay alert throughout the day.

CLASSES

People need people
and friends need friends,
And we all need love
for a full life depends
Not on vast riches
or great acclaim,
Not on success
or on worldly fame,
But just in knowing
that someone cares
And holds us close
in their thoughts and prayers

For only the knowledge
that we're understood
Makes everyday living
feel wonderfully good,
And we rob ourselves
of life's greatest need
When we "lock up our hearts"
and fail to heed
The outstretched hand
reaching to find
A kindred spirit
whose heart and mind

Are lonely and longing
to somehow share
Our joys and sorrows
and to make us aware
That life's completeness
and richness depends
On the things we share
with our loved ones and friends.

REGISTRA-TION

August 25th was a new experience for the sophomores. Their first day at Bell gave them the opportunity to feel the anxieties, excitement, and frustration of registration. For the first time, they had a chance to rely on their own judgment in choosing classes and teachers. Debbie Wilson exhibits the typical bewilderment of most students on this first registration day.

SPIRIT

Pep rallies are a big thing at Bell. Getting used to the new surroundings, the sophomores sat in silence through the first few rallies. But with the contagious spirit that filled the gym, they soon came to life. In the remaining pep rallies, they showed so much spirit that they won the spirit award. Sophomore president, Kurt Holzer, shows the enthusiasm which the sophomores demonstrated in all school activities. This fine quality of spirit will surely bring about a leading Senior class of '79.

ELECTIONS

Elections play an important role at Bell. The two main elections that are held for Sophomores are Student Council and Sophomore Class Council. To be selected for one of these councils is a great honor. Many underclassmen ran for these positions, and each of them are winners in a special way. Just by having the desire to be involved and the courage to try out, is being a winner. Bruce McKaig assists Jean Knight in running for Sophomore representative in the Student Council.

DANCES

One of the most popular flings this year was the dances. These dances were for special occasions such as Open Week, Howdy Week, Homecoming, and many others. A dance is a great way to meet people, especially if it is your first year at Bell. Since past years, many new dances have overcome the Bunny Hop, and the Tango. Such names as - The Freeze, and the Hustle, along with Bus Stop were the most widespread of all the dances. The Hustle is an easy dance to learn, as Jennifer Edwards and Christi Scott demonstrate.

TRANSPOR-TATION

There are many different forms of transportation obvious at Bell. These vary from cars and pickups, to motorcycles and bicycles. Bicycles are mainly ridden to school by sophomores, who because of the Texas Law are prohibited to drive since they are under age. As the year progresses most of the sophomores go through Drivers Education and receive their certificate for driving, and then their license. They won't be able to drive to school though, because there is a parking problem, and no parking stickers are given to sophs. after the first tri.

LOCKER TALK

What could you have done in between classes? Usually you had just enough time to go to your locker and then run to your class! Yet, Ray Harris, Kurt Cheatham, and Kenny Womack seemed to have found time somewhere to have a little chat, and teach each other to clap their hands! The six minutes between classes came in handy when you needed a drink of water, or to fight with your boyfriend, or to call your mother for the P.E. stuff you left on the kitchen table! Yes, these six minutes sometimes became the most precious minutes of your life!

INVOLVE-MENT

The Junior class has surely demonstrated the interest of getting involved in Bell's activities. They put forth great effort and came out with a fantastic float for Homecoming. They participated in the various dances and school sponsored activities. The Junior class in general, sold Raider decals to raise money for the Senior '78 prom. Different individuals have shown their dedication to Bell by joining different clubs and organizations. But their most obvious form of involvement, was shown by the enthusiasm that was displayed at the pep rallies. Mark and Mike White show their spirit by holding the Junior 76-77 Raider Emblem.

RELAXING

During lunch time, many students get the urge to sit down and relax. Students at Bell have a wide variety of places provided for them to do so. Inside areas for relaxation include, the library, the auditorium and believe it or not, leaning up against cold grey lockers, in the crowded hallways. One outside area includes, stone benches at the back of the building overlooking acres of gorgeous bodies of every shape, form, and fashion - (Fords, Chevys, Plymouths, and Datsuns . . . etc. etc.). Other outside areas are the courtyard, which comes with a beautiful rose garden, Bell's Bell, and benches; the patio in front of the lunchroom; and last, there is the front yard. Students can escape the noisy cafeteria and resort to the coolness of the grass, the gentle breeze, and the singing of the birds, in the front yard, as demonstrated by De'One Smith and Becky Stidham.

FRIEND-SHIP

Throughout our years at Bell, we have met many new faces. Whether the person came from Hurst, Bedford, Central, or Harwood Junior High, made no difference to us. Once you were at Bell, you were a Bell Blue Raider, and we were all as one. A friend is a necessity in life. He helps you through your bad times and shares your joy in the good times. A friend sprinkles life with all the little things that it brings. Life sure would be dull without friends, as Johnny Gregory and Dave West show the joy they receive from companionship.

ASSEM-BLIES

Assemblies played a big role at Bell. When assembly day came around, you could always hear, "Come on, buy a ticket. Get out of your second period class for only fifty cents!" This was all it took to get 99% of Bell's students at an assembly. Of course, there were a few that were free. Such as, the one where the Juniors ordered their Senior rings. And one when the class had to meet to take care of "Junior business." Whether on stage or just sitting in the audience, the Juniors participated in many assemblies. PARKING LOT

What would we have done without the parking lot? Even though it was sprinkled with glass year round, and the bottom of your car fell out after you hit the two feet high speed bumps, it came in pretty handy. Especially if you were early and you happened to get the very first parking space. If you were late, there was always the extra parking lot in the woods, or the yellow striped "no parking" zone. But if you picked the yellow striped "no parking" zone to park your car, chances were, you probably got a warning ticket from the ever smiling Security Guard. Whatever the case, we (those who had parking stickers) were surely grateful for the parking lot. Mark Majors and Jamie Morgan cheerfully walk up the stairs to their first period class, after getting a fairly decent parking space.

SENIOR SPIRIT

Yes, there is a difference between spirit and Senior spirit. It is a very special spirit. It's the kind you get when it is your last year and chance to give all you have got. You show this spirit because you are so proud of your school that you just have to stand up and shout. In fact, you show so much spirit by waving balloons, flags, and streamers, that you win the spirit award many, many times. Extra props such as a twenty-five foot tall Raider man, a fat lady holding a sign saying "Victory or Bust," and a wooden map of Texas all depict the Senior 77 spirit that aided in making your senior year what it was.

BACHELOR SURVIVAL

Bachelor Survival is a course designed to assist Senior young men in coping with the harsh realities of existing in a world void of motherly care. Despite the prevailing attitude that it is a goof-off course, students learn various techniques of fundamental household chores, such as: cooking, sewing, matching socks, making up beds, dying clothes in the washer unintentionally, and scorching new clothes on the ironing board. All of this training will come in handy when one leaves for college and has nothing to write home to mother about. This learned bachelor hopes that with this training he can teach his soon-to-be wife to be the perfect maid, cook, laundress, and seamstress. This course is actually a Senior privilege and most Sophomores and Juniors cannot wait for the day in which they will become educated bachelors. Kenneth Hill and Rusty Lea demonstrate how they can wash dishes.

SENIOR FOLLIES

Were they talented? As far as the Seniors were concerned they were. The Senior Follies were great this year. We tried our hardest and we put forth one of the best assemblies all year. Thanks to the Raiderettes, the Bummerettes, the Coasterettes, the Twits, ballerinas, singers, and the pillowcase people, it was a great success. Mostly, it was a show of comedians. At least we kept the audience laughing. But there were some serious moments in the show. An example is, when Judy Morgan sang Barbra Streisand's song "The Way We Were" while showing slides of everyday scenes of a Senior, and when Sara Collier did a jazz-ballet to Boz Scagg's song, "It's Over Now." Now that was talent! The main purpose in having the Senior Follies was to raise money for the Senior Prom. Another purpose was so the Seniors could show Bell what they were made of. And it was good to know they were made of good things, otherwise they could not have made fools of themselves and laughed at the same time. The Follies will always be something to remember.

GRADUATION

Graduation means many different things to different people. For some it is getting away from homework and teachers. For others it is never having another chance to be busy constantly for the different organizations. For some, it is getting away from that one step that had to be accomplished before going on to bigger and better things in the future. Still for others, it means getting to sleep late until they find employment at the nearest Burger King. And then there are those people who are proud of the twelve years of study they have put into their lives, in hopes that their hard work will soon pay off. Whatever the case, graduation is something our parents treasure, and we as Seniors will never forget. Whether it's the smoke bombs, rats, flying paper airplanes, or the nice orderly manner in which a graduation ceremony should be conducted is remembered, depends on the individual. But it will always be remembered in one way or another. Tom Wakeham is trying to get the feeling of graduation as he tries on a cap and gown.

OPEN CAMPUS

Open campus was referred to as one of the many Senior privileges. When a Senior had a release period, he could go home and take a nap, watch cartoons, do their homework, wash his car, or clean his room. Sophomores and Juniors could be sent to the dean if they were caught leaving the campus. It was usually obvious when the underclassmen were leaving, because the Security Guard just had to take a look at their parking sticker. All Seniors had the word SENIOR printed in big, black, bold type across the top of their sticker. Yes, it was always quite handy to leave, when you didn't want to stay for an assembly or lunch. Sometimes, leaving for lunch could cause a problem. It never failed, someone's car ran out of gas, causing them to be tardy to fourth period, and three tardies meant big trouble. But usually, being a Senior, you could talk yourself out of the "trouble." For most girls, during the spring months, release period meant eighty minutes worth of sun bathing. What ever the case was, open campus was greatly appreciated. Sheila Dixon shows this as she leaves the campus for lunch.

FUN TIMES

Special days and weeks are frequently seen here at Bell. Something special is planned at least once a month for the students to have fun and enjoy themselves. To let go and act crazy because everyone else is, is part of the fun. This kind of "crazy" fun is often experienced during Sadie Hawkins week. This is a time when Dog Patch Olympics, the beard growing contest, and tacky day take place. Janet Koelle (far left) models her "tacky" costume for that day. Another fun time that took place this year was Mob Week. Everyone had to ask the Godfather for special favors and hit-men went to classes giving the contractees a pie in the face. In climax to the week of activities, participating students dressed themselves in the costumes of the roaring twenties. As one participant Bruce McKaig (left) shows by wearing his pin-striped "gangster" suit. These fun times are times we as students will never forget.

NEW CARS

Yes, new cars do make part of a Senior year. They usually come as graduation gifts, Christmas or Birthday presents, or just because you need one. Money for a half-way decent car is sometimes supplied by good 'ole Mom and Dad. But usually it is your own money, earned from sacking groceries at the nearest grocery store, filling gas tanks at the station down the street, or frying hamburgers at the ever popular Jack-in-the-Box. Not only is it hard enough to save for the car, but even a bigger challenge is to keep it in driving condition. One factor in the proper upkeep of your "wheels" is illustrated in the funky soul movie and song "Carwash." The pride and joy of Senior Jay McKay (above right) is his Grand Prix. "It's hard to be humble when you've got a new Maverick," as shown by Senior Becky Wilson (lower right).

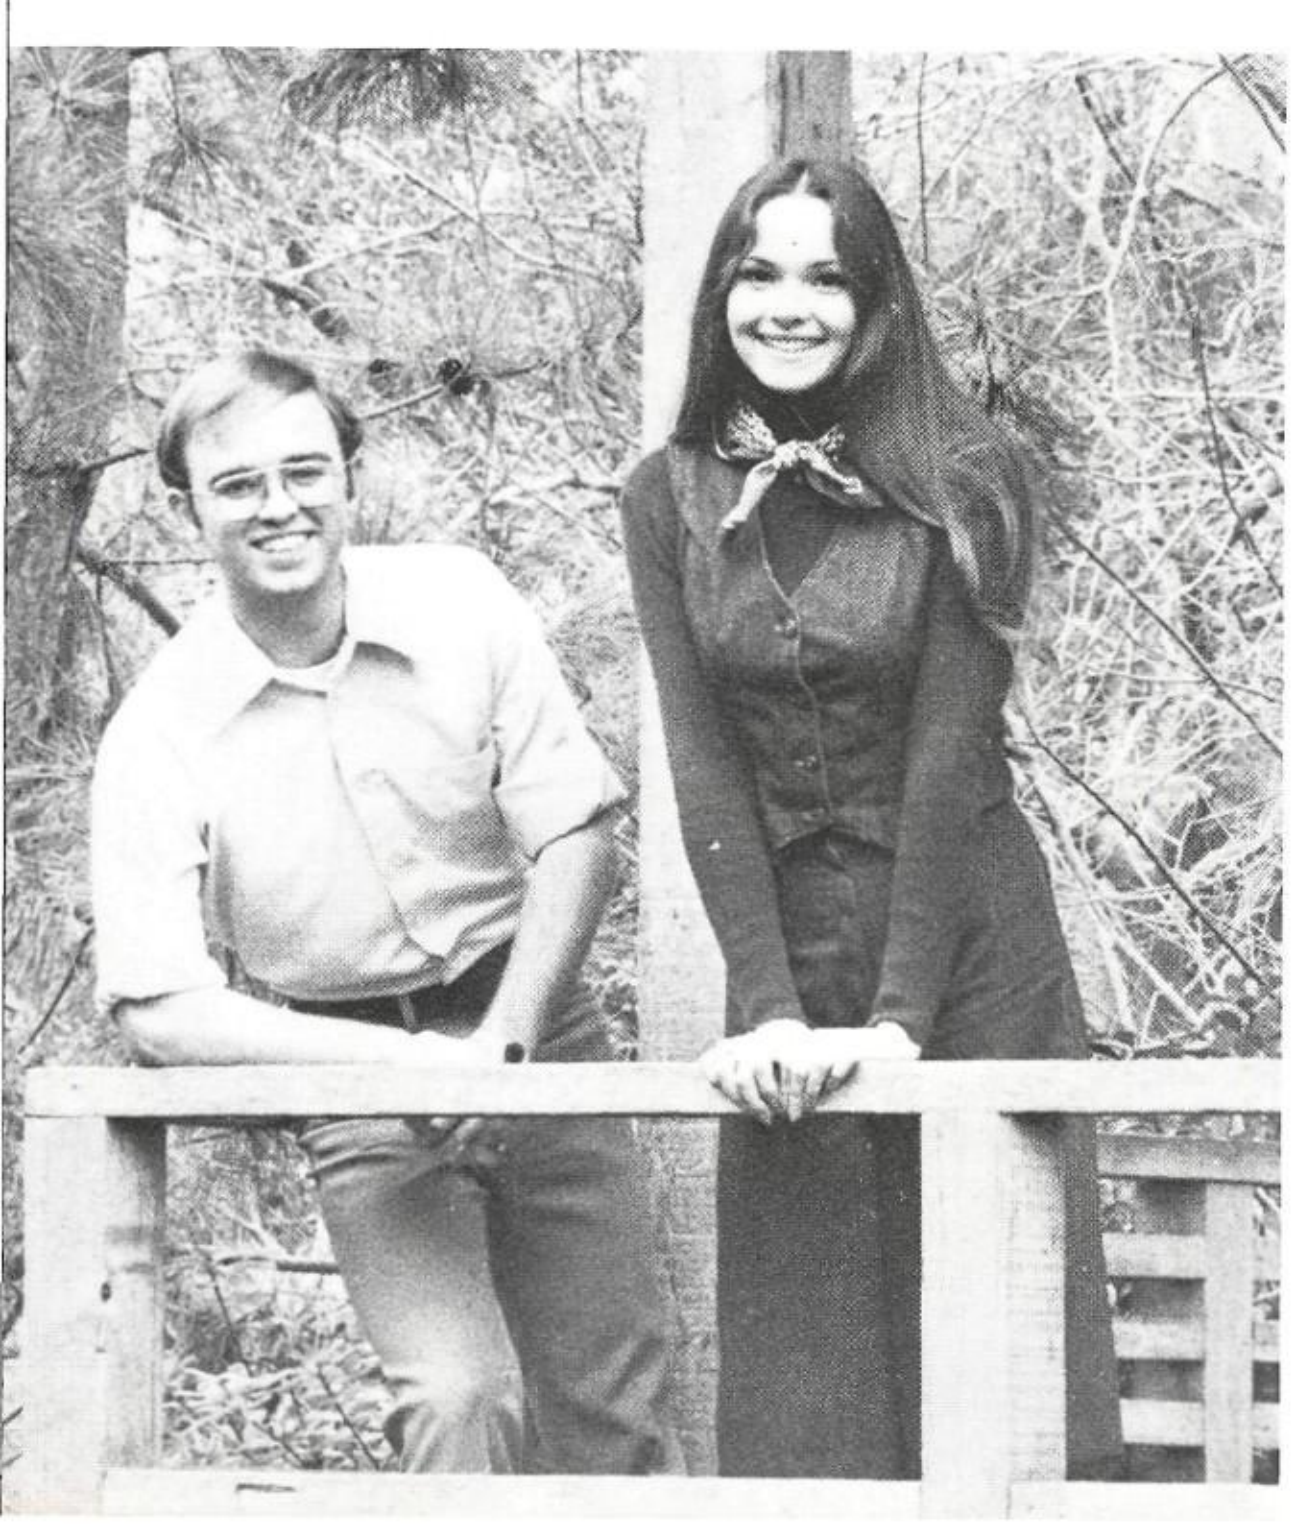
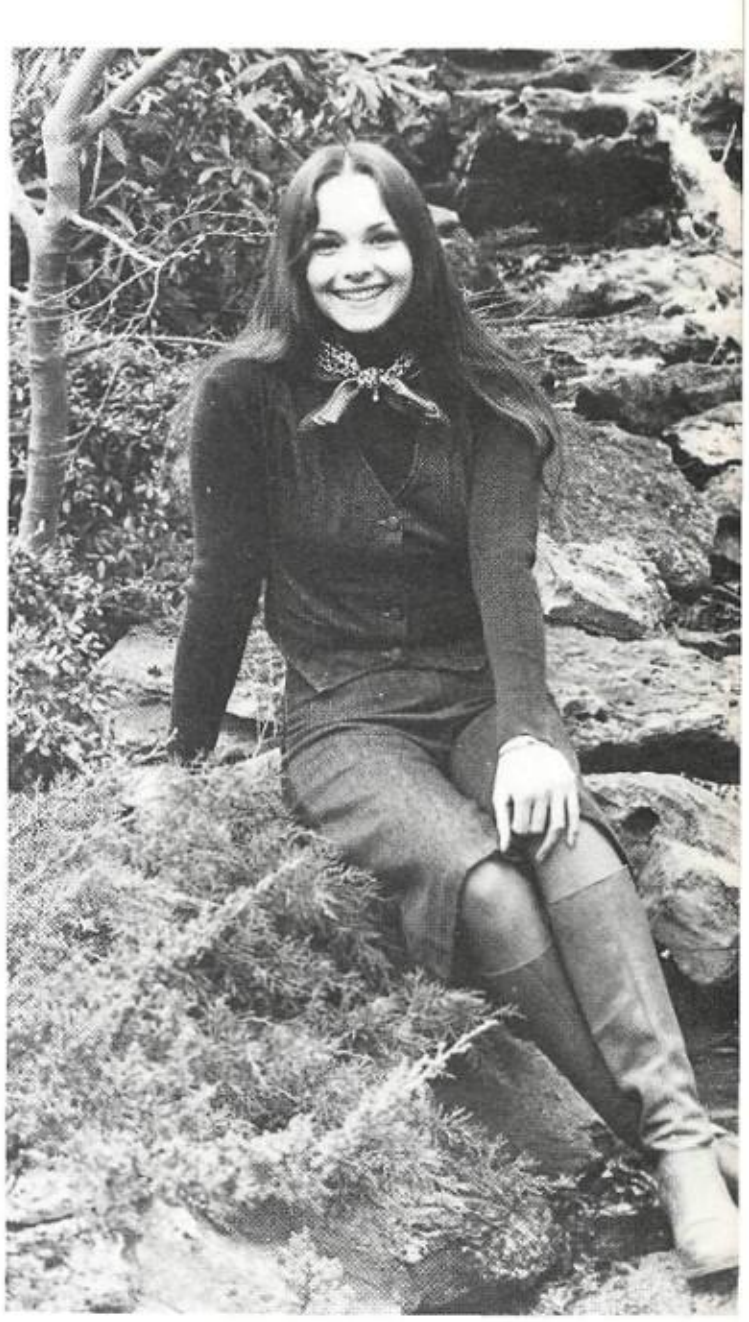
MR. AND MISS BELL HIGH SCHOOL

Proof that America's strength lies in its youth is shown by this year's Mr. and Miss Bell High School, Sherry Thornton and Darren Walker. In the faculty's eyes, these two are the ideal of a Bell High student. Sherry is Class editor of the RAIDER, a member of the Student Council, and a member of the National Honor Society. She is also Treasurer of the Raiderettes. Darren is Treasurer of the Student Council, and a member of the Honor Society. He is an active Thespian and plays an important role in this school's Drama department. The only honor greater than being chosen Mr. and Miss Bell High School is to be a recipient of these two people's warm friendship and honesty.





FAR RIGHT: Dean Hampton, Sara Collier, and Mike Cobb. RIGHT: Katrina Betty, and Diana Collins. BELOW: Billy Richards, Tracy Hollis, and Ricky Moore.

OUTSTANDING SENIORS REPRESENT BELL

Senior Superlatives are not the "Most Handsome" or the "Most Popular" in the school, but rather they are the most admired students among the more than seven hundred seniors at Bell. Superlatives are active in all phases of school life, academic, athletic, and extracurricular clubs. The twenty-two seniors chosen here qualified by having a "B" grade point average and strong pride in their school and in themselves.

SUPERLATIVES LEAD SENIORS

RIGHT: Jeff Williams, Wendy Kirchoffer, and Doug Miske. BELOW: Robert Osborne, John Kimble, and Bruce McKaig.

LEFT: John Tyson, Lisa Solberg, and Rick Moore.
BELOW: Molly Stevenson, Rhonda Ballard, and Lydia Waller.

L. D. Bell is honored to have so many students capable of high awards and achievements. The Superlatives are but a few of the outstanding students at Bell. The winning seniors would be the first to admit that they owe their accomplishments to helpful members of the student body and the faculty. This year's Superlatives have left their marks on our school, but only through learning from the experiences of those who have walked the same paths before.

Some of Bell's 2400 students have special talents or qualities. It may be a flair for French, a powerful athletic ability, or a studious mind. Who's Who is a yearly award developed to honor these students and their accomplishments. The outstanding young people on these pages have been awarded the honor of Who's Who for 1976-77.

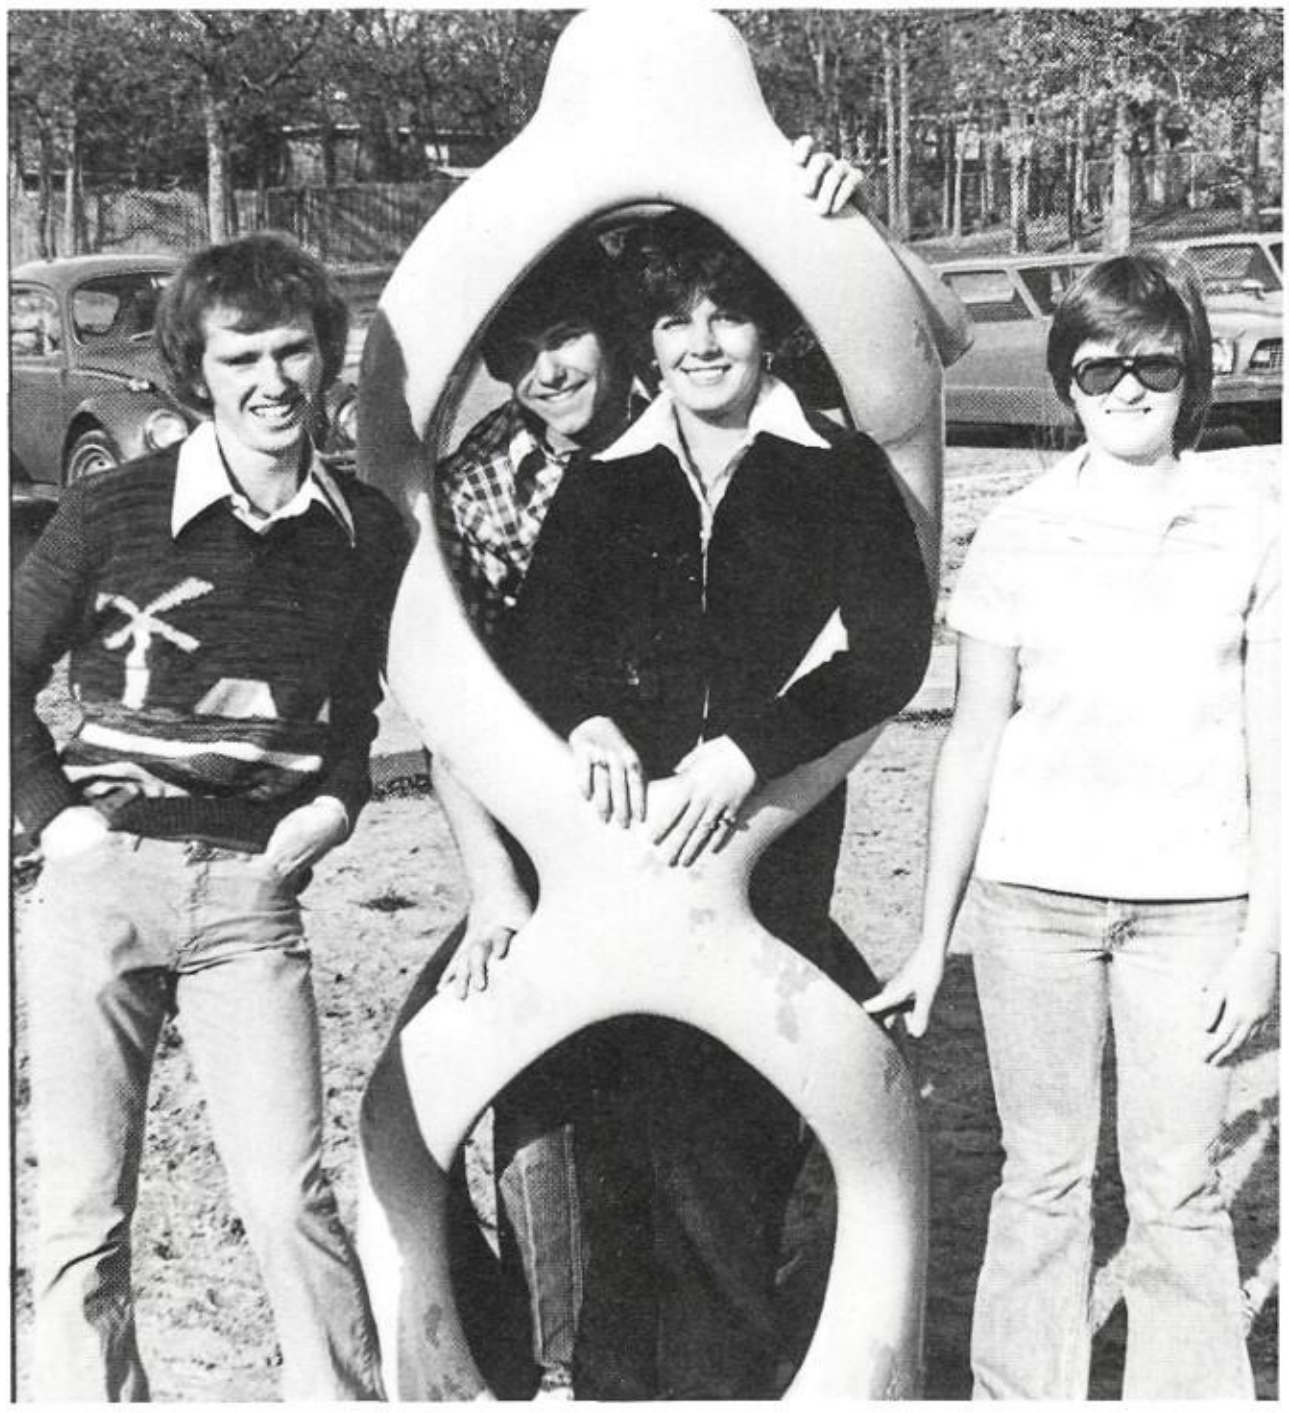
STUDENTS REWARDED FOR



Once a year, teachers get together in their individual departments, and choose one person to represent that department as Who's Who. These students are chosen by their excelling attributes in certain areas. A student must exemplify the qualities of being a competent learner and those of being an exceptional leader.

Mr. Tom Dickson presided over the ceremonies and Miss Gayla Gardner entertained. The judges for the pageant were Mrs. June Graves, Mrs. Vicki Lamp, Mrs. Jo Anne Blackmon, Mr. Tom Stover, and Mr. Jerrold Longwell. Later in the program, Miss Terri Davis sang a solo and then sang "Silent Night" while Miss Cathy Dean accompanied her with hand signs. The evening climaxed as Miss Teresa Cole and Mr. Doug Miske were crowned the 1976-77 Most Beautiful and Most Handsome of L.D. Bell High School.

ORGANIZATIONS

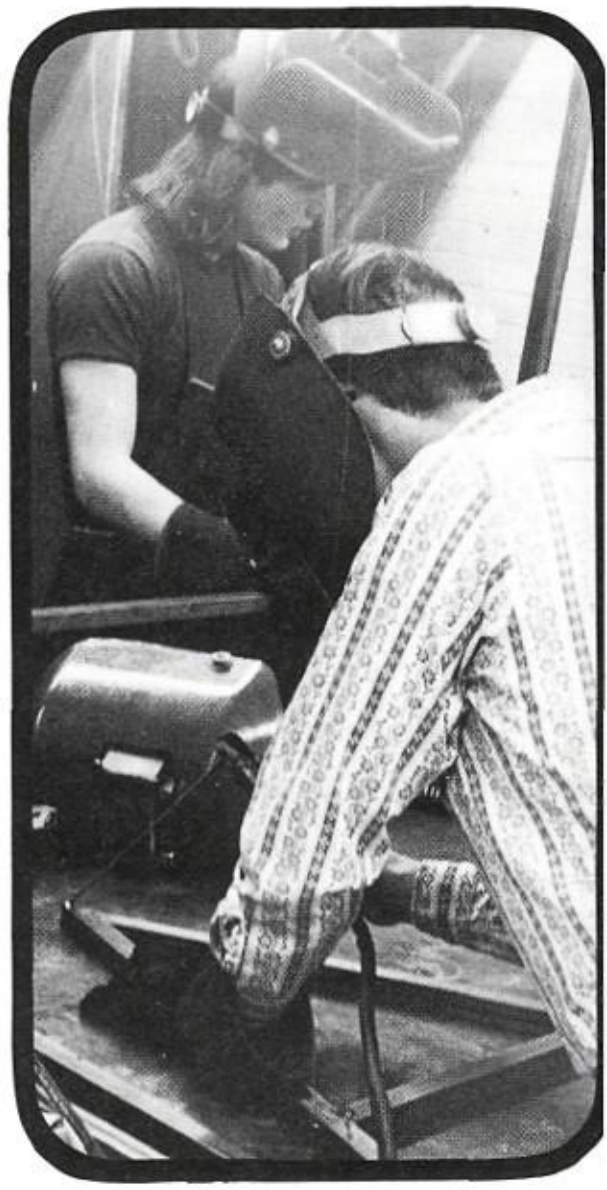
Who are you? I don't mean your name; that's just something your parents glued to you to separate you from other screaming pink babies in the hospital. I mean, who are you?

What are you? I know you're a person; we're all made of flesh and blood. I really want to know, what are you?

Until you find out who and what you are, you get pushed around through lumpy crowds in the throbbing halls at school. Students find the answers to these questions through involvement in various organizations at Bell. The lumpy crowds and throbbing halls soon become noises of laughter and excitement.

Who are you? . . . What are you? . . .

ACADEMIC



CREATIVE AND CLEVER IDEAS

Have you ever had an urge to let your moods flow through the dark blue ink of a fountain pen? Members of the creative writing club had this urge and appropriately carried it out. Their ideas were all molded into a literary magazine called the Idylls. This magazine contains essays, poems and dramatic stories, all created by students. Besides publishing the Idylls, the creative writing club sponsors writing contests for the student body. This gives everyone an opportunity to ham up their writing ideas and a chance to see their own work printed in the magazine. Cleverness and creativity blend together to form the Idylls. Without the talent and intelligence of the creative writing club, their magazine would be like an ordinary publication instead of the huge success it is.

SPANISH FOLK DANCING

Dancing is an activity enjoyed by most everyone. The Spanish Club has danced their way to delight. In becoming familiar with the culture they learned Pan American folk dances, went on an excursion to a Spanish speaking community and attended language festivals and local cultural exhibits. Being an adventuresome club they experienced many aspects of the Spanish speaking life otherwise unknown.

WITH A PARIS ACCENT

Developing the French language as a comfortable communications link with students is the major purpose of the French club. In the first trimester, the French club spent most of the time acquainting the members with the gay Paris accent. Also, hard work was spent on making a float for the Homecoming parade. During the spring, the members experienced their busiest activities. Contests were held in Tyler where the members competed in several contests. Awards were taken by Bell students in both academic and cultural events.

OFFICERS: Mrs. Harbison - Sponsor, Debbie Harvey - Vice President, Julie Rixen - Treasurer, Sherrilyn Smith - Secretary, Neavy Pok - President.

SUCCESSFUL NOVEMBERFEST

Preparing for future festivals took lots of extra time for members of the German club. Adventures such as going to New Braunsville for a Wurstfest and competing in a Novemberfest at UTA were activities enjoyed. From cooking and sewing, all the way down to dancing with a German accent, were areas competed in during the Novemberfest. Striving to learn more, as well as being the best added to the German club's success.

OFFICERS: FRONT ROW - Chris Harvey - President, Carole Dufficy - President, Jeff Gamble - Programs Chairman. SECOND ROW - John McCord - Treasurer, David Enoch - Vice President and Historian.

CHEMICAL MAGIC SHOW

Many unusual activities attract students to join Science club. The Chemical Magic Show, sponsored by the Science club, is looked forward to each year by the student body. This club also spends time exploring the unknown mysteries of today through films, field trips, and from guest speakers. A very interesting trip was taken to Bell Helicopter where the plant was inspected by gazing eyes. February meant busy excitement for this club as the Science Fair approached. In March, the members attended state conference at Texas A&M. Here, the students took tests with others across Texas and ventured on tours in the area.

FUTURE BUSINESS LEADERS

What is FBLA? Future Business Leaders of America is a national organization for all high school students participating in business and office programs. FBLA develops business leadership in its youth for career preparation. This year's club kept active in conventions which gave students opportunities to portray individual talent in business skills. A district convention was attended on February 5 at Lamar High School in Arlington. Here, students were involved in shorthand, typing, and bookkeeping contests. This convention and many other activities created interest in students toward a better understanding of American business enterprise. This is necessary for students to establish future occupational goals.

OFFICERS: FRONT ROW - Toni Stuard - President, Karen Rietfors - Vice President. SECOND ROW - Cindy Gill - Recording Secretary, Becky Steele - Corresponding Secretary, Tami Perkins - Treasurer, Virginia Merrill - Historian.

FUTURE HOMEMAKERS

What is FHA? Most people picture FHA as a home bound organization. But, contrary to popular belief, this is not just a home bound organization. FHA members do spend time at home, sewing and cooking, but that's not all they do. FHA is a service to others in need. Students visited and took fruit to people in several nursing homes. They provided Christmas refreshments to the faculty and also learned about the care of young children. The members of FHA make it a thriving club. Participating in all activities helps to make it the noted club it is.

HOME EDUCATION

Home Economics Cooperative Education is a program for students learning more through homemaking education. HECE students all have a job outside of school which relate to this field. The learning experiences from such jobs as fashion coordinator, child care aide, or food service employee are discussed in HECE class. Also, in this class, students learn about obstacles one would experience upon graduation from high school such as how to manage an income. HECE readies its members for advancement in home and family life.

DECA CHAPTER I.

Symbolized by a wrapped package which means a "job well done" was the Distributive Education Club of America. DECA was a program designed to develop future leaders for marketing and distribution. It also helped promote understanding of the responsibilities of citizenship in the free, competitive enterprise system. DECA prepared their members for a future in our working society.

OPPORTUNITY IN BUSINESS

Developing leadership and a sense of individual responsibility in the field of distribution are purposes of DECA Chapter II. The distributive education program gives the students vocational understanding, civic consciousness, social intelligence, and leadership development necessary upon entering the hectic business world after high school graduation. With these business tactics, DE members advance to careers in marketing, merchandising, and management. The activities provided in this vocational organization also gives the student opportunities to receive state and national recognition which they might not have otherwise.

OFFICERS: FRONT ROW - Gordon Fagras - Parliamentarian, Theresa Huggett - Treasurer, Kay Hill - Secretary. SECOND ROW - Vaughn Toney - Sergeant at Arms, Dan Archibald - Vice President, Beth McCoy - Historian, Keith Short - President, Carolyn Dodd - ICC Representative.

OFFICE EDUCATION

Any program designed to help the youth in our community has to be worthwhile and the Vocational Office Education program is no exception. Through the cooperative efforts of the H-E-B School system, the employers who furnish work stations, and the students themselves, a great need is filled and everyone who participates profits. The schools furnish the teacher-coordinator, who works with the employers to place students in work stations best suited to their particular skills. The employers sacrifice valuable time to train the students, and the students become valuable employees. As the program was designed, it is the students who profit most. They are given a chance to earn while they learn.

This club keeps active the entire year by providing a helping hand for those in need.

NATIONAL HONOR SOCIETY

National Honor Society was for the purpose of recognizing scholastic excellence and quality of character. The faculty was responsible for electing students to membership. The members were hand picked, and were a very elite group. Qualities of character, leadership, service, and scholastic ability were all considered in choosing members for the N.H.S. Preparing for the half time ceremony at homecoming, and a banquet at the end of the year were a few of the activities of the organization. An honor that was well deserved for all the members was being chosen for N.H.S.

It would be hard for me to count up all the hours I have spent working on Student Council and the other extra curricular activities I have been involved in with these past three years. It would be hard for many students to do the same. But yet, I could probably count on one hand the number of hours a few teachers have spent working with the very students they criticize.

I challenge those few faculty members to take an interest in those students and try to understand their purpose and needs. It can't be said that the clubs at L. D. Bell High School do not take an interest in the faculty and their opinions. Appreciating the faculty is the main concern of many clubs.

At the same time, I would like to challenge the students to take an interest in what's going on in other clubs besides their own. How can there be TOTAL INVOLVEMENT when there are as many cliques as there are pencil sharpeners? Let's try and work with one another. A difference in interests does not mean a difference in humanity.

Also, there is a need for understanding among students concerning the administration, especially our principal. Mr. Brown is truly concerned with the welfare and education of the students. There is a sound and logical reason behind every decision that is made concerning students and faculty. You can only benefit by getting to know your principal. He is truly sincere in his work.

I feel the students need to know and understand the workings of the school board. Many schools across the nation have students serving in an advisory capacity on their local school boards. Bell and Trinity could definitely benefit from such a program. The students just like to be remembered.

The years go by quickly and it's hard to remember all the things you've been told through Junior High, but to understand people and to understand yourself is something that should have been gained through these years. There's a world out there, with real live people. Once out there, some might have to grow up fast. To all those returning students, I hope all your needs are met and you value at least your education. To the graduating seniors, I hope we meet our own goals for life in the coming years. I hope we all try to make a difference instead of a noise.

INTER-CLUB COUNCIL

Communication of activities between clubs and organizations, to encourage cooperation between them, was the purpose of Inter-Club Council. Inter-Club Council was the messenger man between clubs. There were thirty-one clubs involved, and each one sent a representative. Bringing clubs together in a central meeting helped unite the clubs and reach out and involve more students.

SHARING TIME AND HELP

Sharing learned knowledge with others to help them get along a little easier in life was a goal of the Future Teachers of America. Caring for others and a desire to see students succeed, was the satisfaction received by members of FTA. On Halloween, members took money for UNICEF, which gives money to the needy. Future Teachers of America participated in conventions, Teacher Appreciation Week, and Teacher Day. Helping was the basis of FTA and they helped many.

ONE WAY

Learning more about God and His love for others by means of guest speakers and Bible study were some of the activities of the One Way club. A concern for others was demonstrated by collecting food and clothes to take to the Thelma Boston home in Dallas at Christmas. They also held a Valentine party for a group of retarded children and teenagers. The One Way club was a very close group of people who supported one another in thought, deed, and prayer.

RAIDER ROUSERS

Enthusiasm for school activities encouraged participation of the Raider Rousers. Backing up various organizations and rousing spirit for Raiders were part of the task they took on. Decorating the halls was one way they helped promote school spirit. Recognizing accomplishments made by smaller organizations stressed their concern for each individual's participation in extra-curricular activities. Giving coke parties and sending letters were ways to congratulate different groups. The hope to make everyone at Bell a Raider Rouser is a big challenge taken on by each member of the spirit organization.

Cheerleaders are the backbone of school spirit and our backbone is the strongest ever.

RAIDERETTES — UNIQUE

Like icing on a cake, ornaments on a Christmas tree and stars in the sky - the Raiderettes dress up the football field and basketball court with their sparkling performances. Diligent work and perserverance go into each dance performed by these seventy-nine girls. Unique performances were displayed this year from atop fluorescent pyramids and from behind twirling umbrellas. Apart from entertaining at sports events, these girls sent toys and clothing to a family of needy children. The grand finale of the year was the Spring Show, proceeds from which went to purchasing props for upcoming performances.

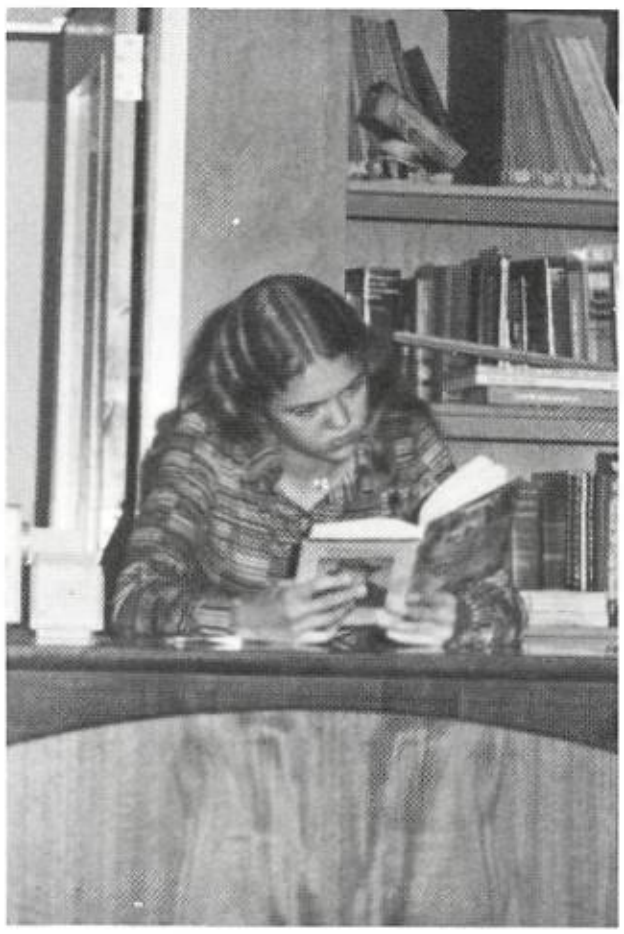
"Stick in a half! Hit a switch! Wing him!" This language is as new to Bell as is the Wrestling Club, which speaks in this dialect. Twelve team members under the coaching of Dr. Cylde Glazner and Mr. and Mrs. Gandy, energetically work toward area recognition. And recognition they have received at dual meets and tournaments. From the month of October until February, this organization travels to four tournaments plus conference and state meets. Dedicated pouncing and pounding has brought several awards to this group.

OFFICE TRACK STARS

Answering the never-ending buzz of the switchboard, calculating the absentees of the day, and being helpful to the office personnel are the busy tasks of the student office aides. During an eighty minute class period, these aides rush to gather roll cards as quickly as a track runner finishes a short sprint. These office helpers are actually compared to "runners." They race around the school doing any odd job to be of assistance to the faculty. Without these twenty students, the office wouldn't finish its duties on time at the day's closing.

OFFICE AIDES

AIDES — THE ADDED EXTRAS



There are three groups of students who aren't recognized for their hard work, but should be. They are the aides to the library, nurse, and counselors. These students doing the odd but meaningful jobs, certainly deserve a pat on the back. When a student's busy and really doesn't have time to find a book the English teacher sent him for, the library aides find it in a matter of seconds. How about when a student cuts himself or begins to feel ill? The nurse's aides come to help him with a little disinfectant and a bandage. Also, there are the counselor aides who are always on the ball to help with schedule changing or errand running. These groups of aides do the little things that get everyone through the day.

"CHEAPER BY THE DOZEN"

CHEAPER BY THE DOZEN was this year's Fall Play. The story is built around the Gilbreath family which contains twelve members. Mr. Gilbreath is very highly acclaimed in the business world because of his motion study concept. He runs his household just like a business with various chores and drills. Later, Mr. Gilbreath discovers he is dying from a bad heart condition. He keeps this a secret to himself as he tries to strengthen the family so they can survive after his death. The dozen family members add hysterical, yet traumatic moments in the play to make it a bubbling success.

THE COMEDY OF ERRORS

Working the snarls and snags out of a one act play is difficult and very time consuming. Twenty-three students from Drama six, Thespians, and other talented people rehearsed for perfection with the aid of Mr. Dickson. The play, THE COMEDY OF ERRORS, was about a great mix up with a pair of twins. Ending with the reuniting of the twins touched the play off with a happy ending. The group performed at the UIL contest for judging. Practice for perfection mixed with talent was what made the play a great success.

NATIONAL FORENSIC LEAGUE

Competing in forensic tournaments in this area is the main purpose of the National Forensic League. Honor membership into this organization gives its members recognition necessary to advance in competition. Speaking talent is portrayed in the categories of debate, prose, poetry and oratory events. These events make for an exciting and educational year.

ART ENTHUSIASTS

Several eras were looked into by the Art Club this year. In the fall, this club ventured to the Kimbell Art Museum and viewed the Fauve Exhibition, which was an art style in 1905 to 1907. Also, an interesting project was a trip to the local zoo. Here, members displayed their artistic talents by sketching the mammalian creatures. Members also used their ability when they created their own designs in several mediums. These works of art were displayed in a joint art exhibit where art club members sold much of their work. These students got a true taste of the Van Gogh type life this year.

RAIDER MARCH-ING BAND

With a quick snap and jerk, the Raider band starts marching down the football field. Heads back and toes pointed, they stand out in any group for their accuracy. Their military style marching has won them recognition throughout the state. Marching practice, which started during the summer, worked them hard. Participating in marching contests rewarded them for their many hours of work. Being a band of excellence is an honor they have earned; not one which they were given.

Set in the sunny countryside of Oklahoma Territory at the turn of the century, this production keeps the audience captivated with its funny antics, yet serious romance. SPORTS

Athlete, the word no longer refers to a big, dumb football player with no brain. Sports is a testing ground for brains as well as muscles. No longer can an athlete depend totally on strength alone to give the edge in competition. Athletics has become a very involved science. Many college and high school athletes are ranked at the top of their classes. Not only must an athlete practice endless hours but must also keep their academic grades up to scholarship level. The day of the dumb athlete is dead.

The courage of life is often a less dramatic spectacle than the courage of a final moment; but it is no less than a magnificent mixture of triumph and tragedy. A man does what he must - in spite of personal consequences, in spite of obstacles and dangers and pressures - and that is the basis of all human morality. - John F. Kennedy

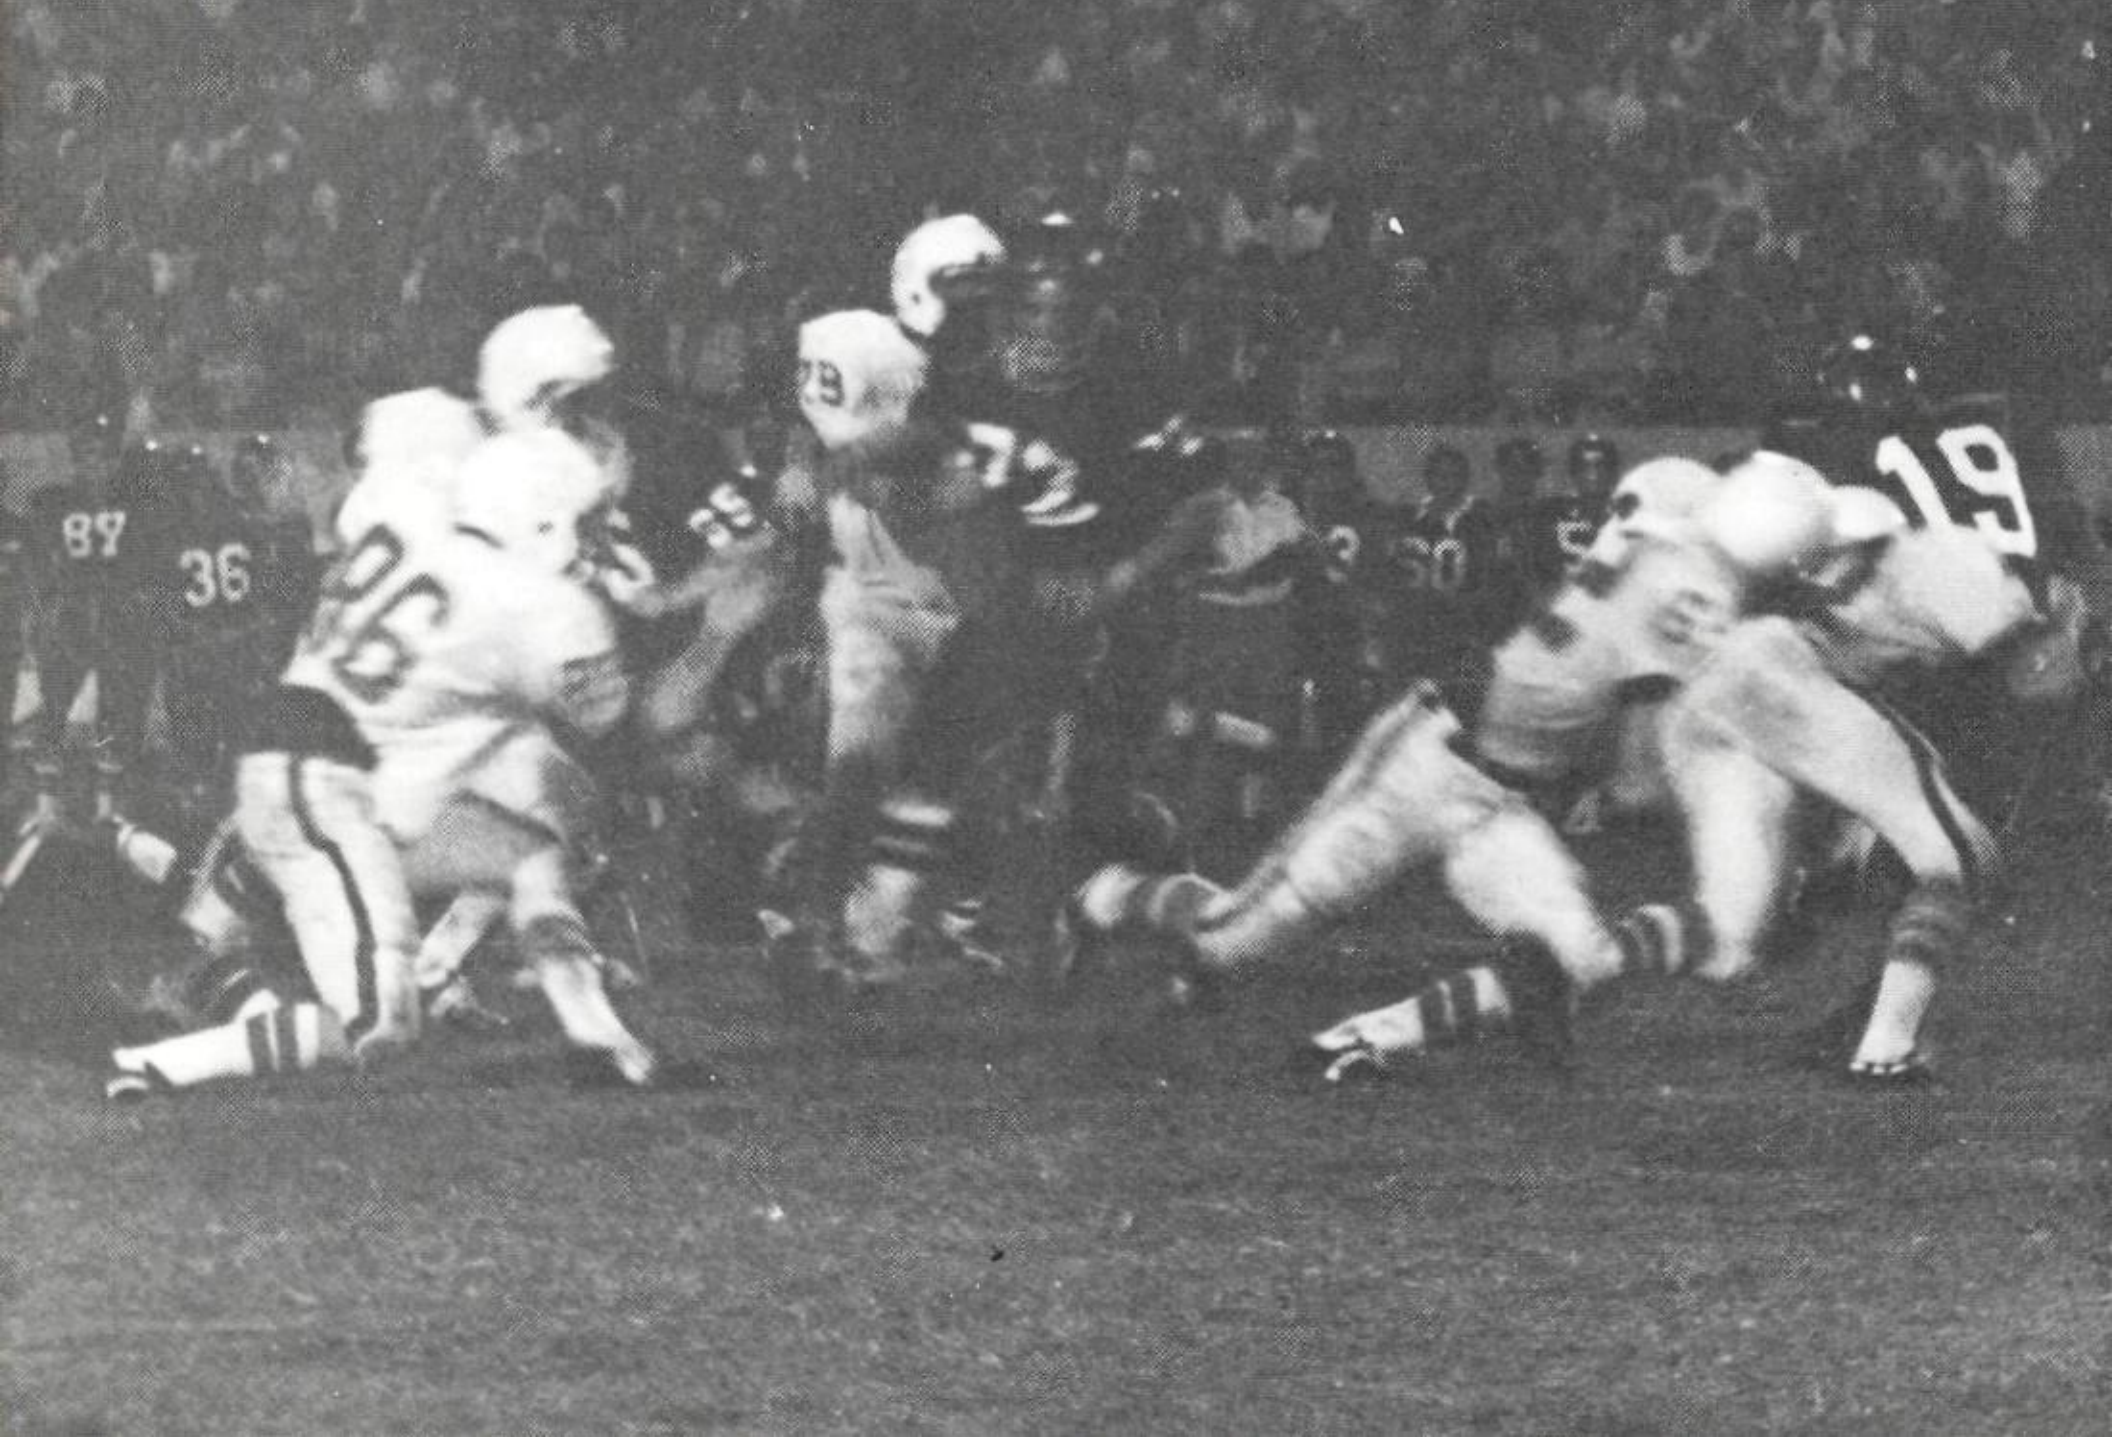
SHERMAN-38 BELL-12

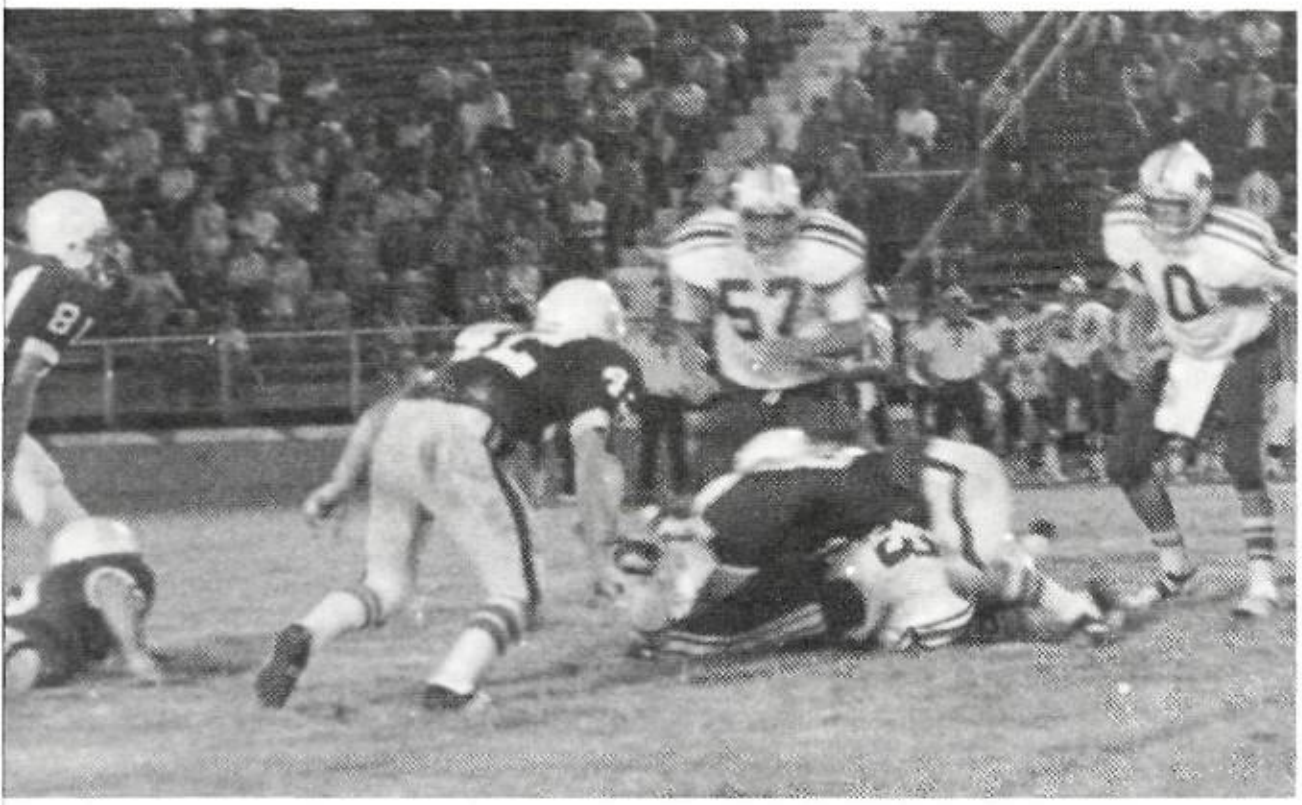
RAIDERS STUNNED BY SHERMAN SPEED

The Blue Raiders opened the '76 season against number one ranked Sherman. The Bearcats quickly led 9 to 0 by the end of the first quarter. At half the score stood Sherman 31-Bell 6. Callaway ran for the first Raider score and later, in the fourth quarter, passed to Wommack for another. The defense came out in the second half and shut the Bearcats down, allowing only seven points in the final period. Sherman racked up 440 total yards, while Bell could manage only 216. Callaway led the Raider rushing with 87 yards. The game ended with the final score standing Sherman 38-Bell 12.



TURNER-20 BELL-18

MISSED EXTRA POINTS PREVENTS BELL VICTORY



Bell opened the home season against the R. L. Turner Lions. Bell drew first blood on a pass of 46 yards from Callaway to Wommack. The combination worked again in the second quarter as Callaway hit Wommack for 55 yards and another touchdown. The half-time score stood at 12 to 7 in favor of the Raiders. In the third period, Bell and Turner traded scores which left Bell in front 18-14 going into the fourth quarter. With 58 seconds remaining in the contest, the Lions scored - leaving the Raiders winless in two outings. The final score stood at Turner 20-Bell 18. Pruitt led all runners with 104 yards on 19 attempts. Callaway combined with Wommack for 4 passes, 154 yards and 2 touchdowns.

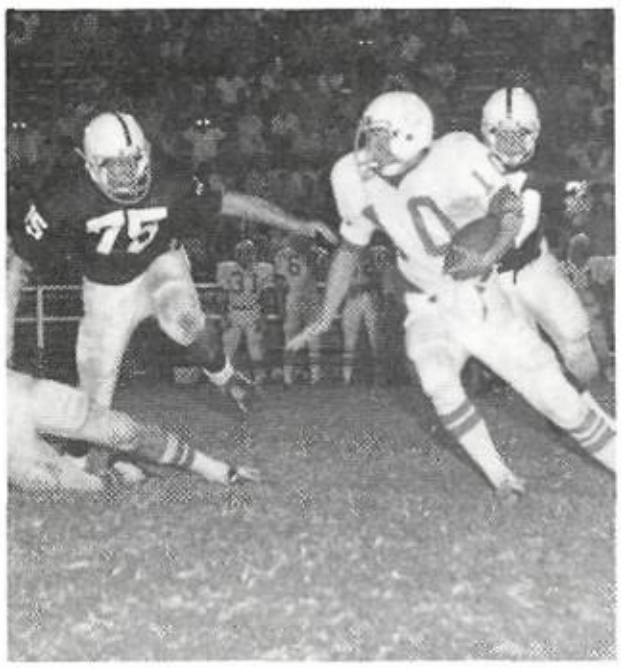
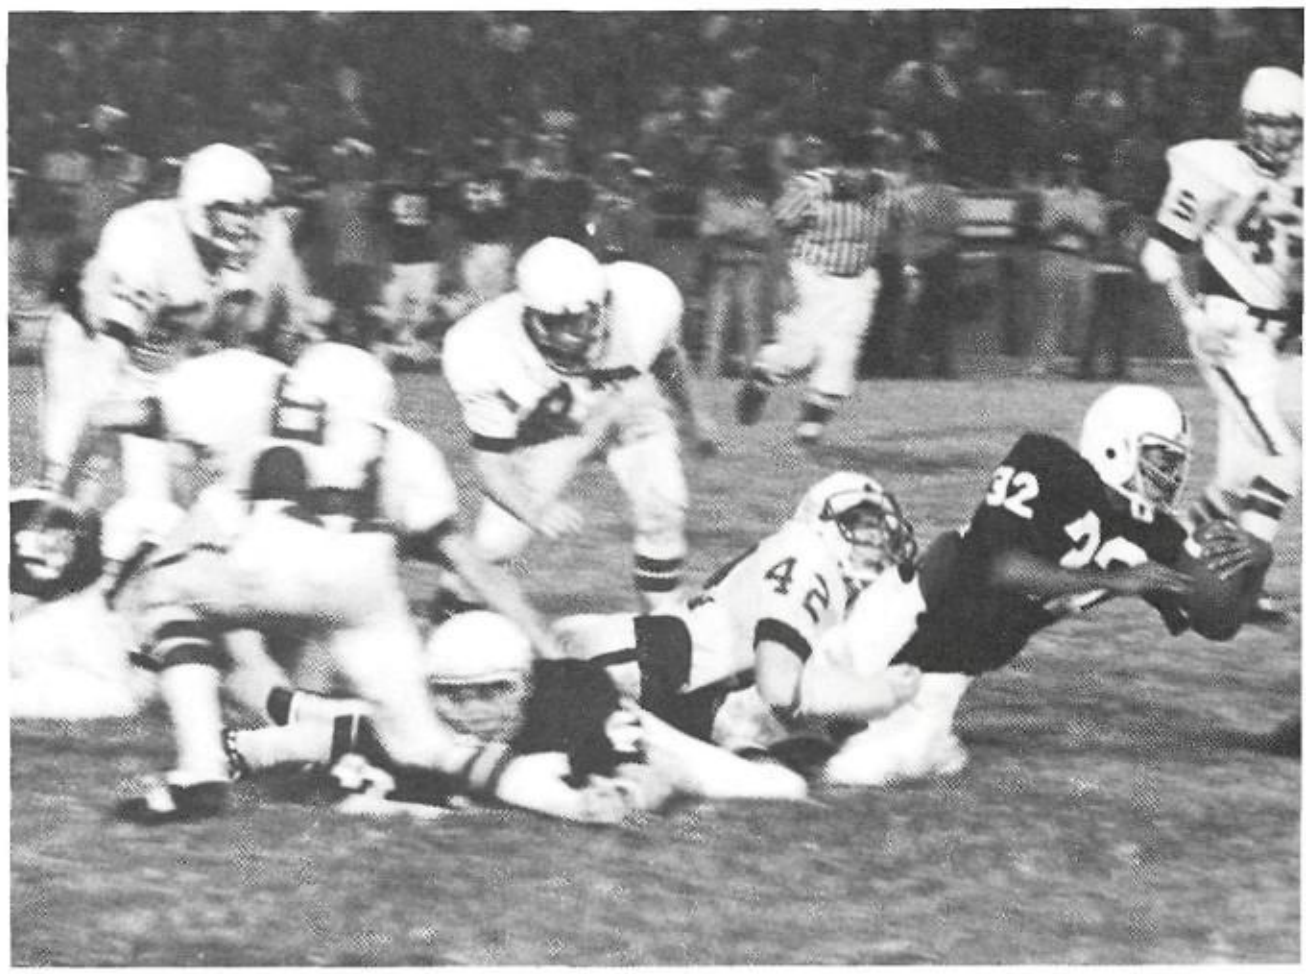
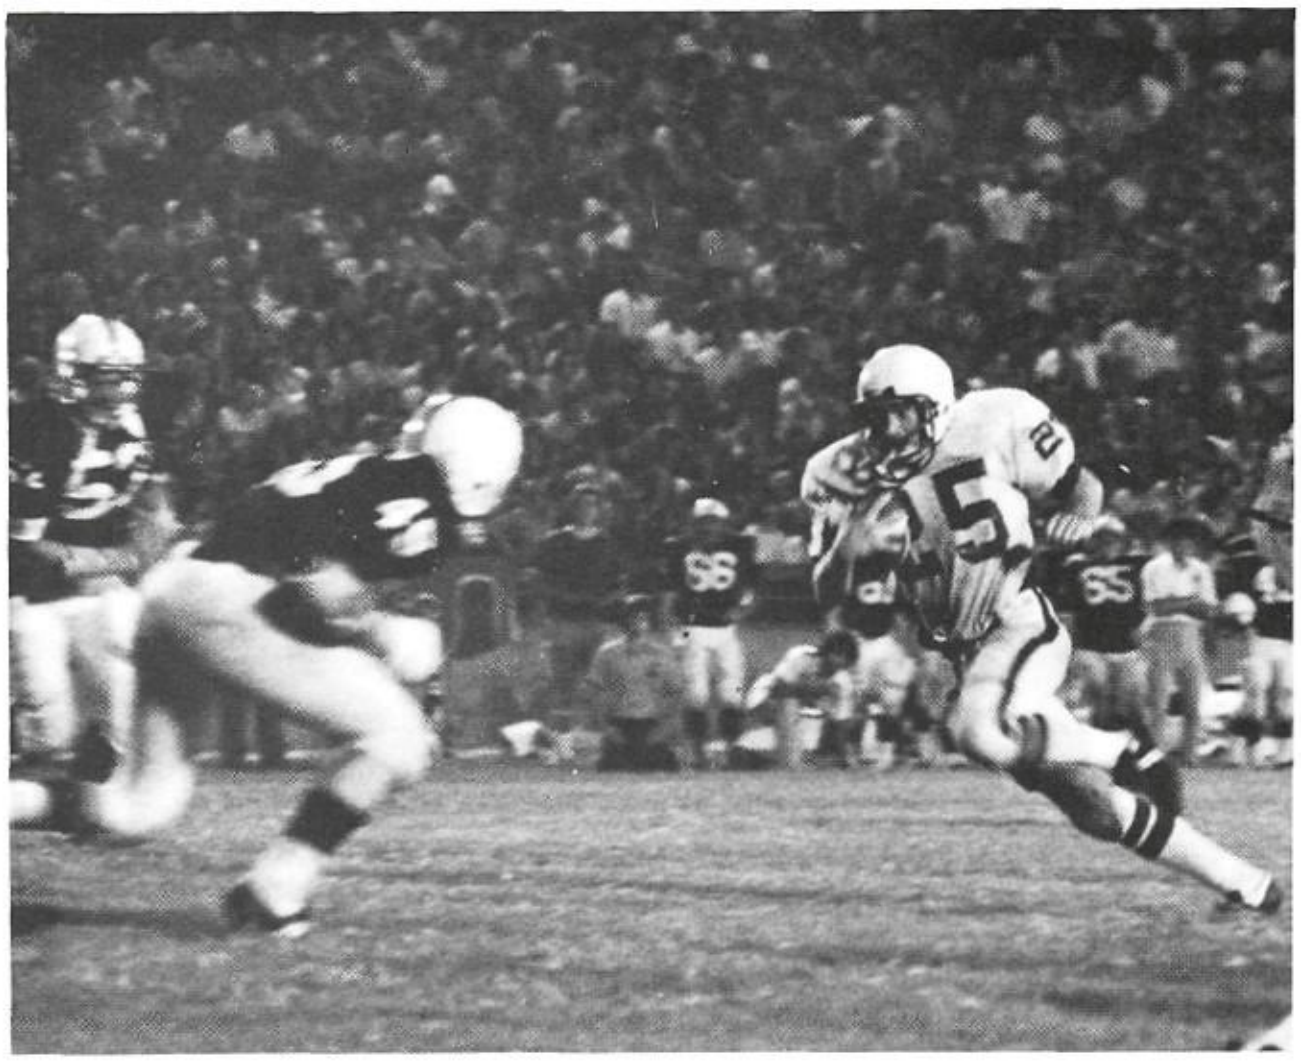
RAIDER DEFENSE SHOWS EXPLOSIVENESS

FAR UPPER RIGHT: Massey hits the line. FAR LOWER RIGHT: Morgan smashes forward. UPPER RIGHT: Henderson downs Buff. LOWER RIGHT: Pruitt makes the cut. BELOW: Callaway turns upfield.





The Raiders traveled to Birdville stadium for their third contest of the young season. They faced the tough task of playing Haltom on their homecoming. The game proved to be a defensive struggle throughout its entirety. At half the score was deadlocked at 3 to 3, as both teams traded field goals. Both the first and third quarters were scoreless. In the fourth quarter the Raiders pushed ahead 13 to 3 with only 1:59 remaining. Haltom would not surrender the game and went 75 yards for a score. With fifty seconds left Haltom attempted an onside kick, but it only gave Bell good field position as Lane Johnson fell on the ball at the forty yard line. The game ended with Bell in the lead 13 to 11.



REBS-21 RAIDERS-0

RAIDERS STILL WEAK IN FINAL NON-DISTRICT GAME

Returning home after their first win of the year the Raiders faced rival Richland in the final non-district contest. The defenses were tough again as in the Haltom game. The Rebels took a 7 to 0 lead to the locker room at halftime. Bell came out and began to drive on Richland, only to fumble twice. One fumble at Richlands one yard line and the other on the seventeen. Such mistakes took the wind from the Raiders and the Rebels scored twice in third period. The fourth period was scoreless as the defenses proved dominant. Jeff Morgan rushed ten times for 68 yards, and Callaway passed for 88 yards. The score wound up Richland 21 and Bell 0.

COYOTES-26 RAIDERS-3

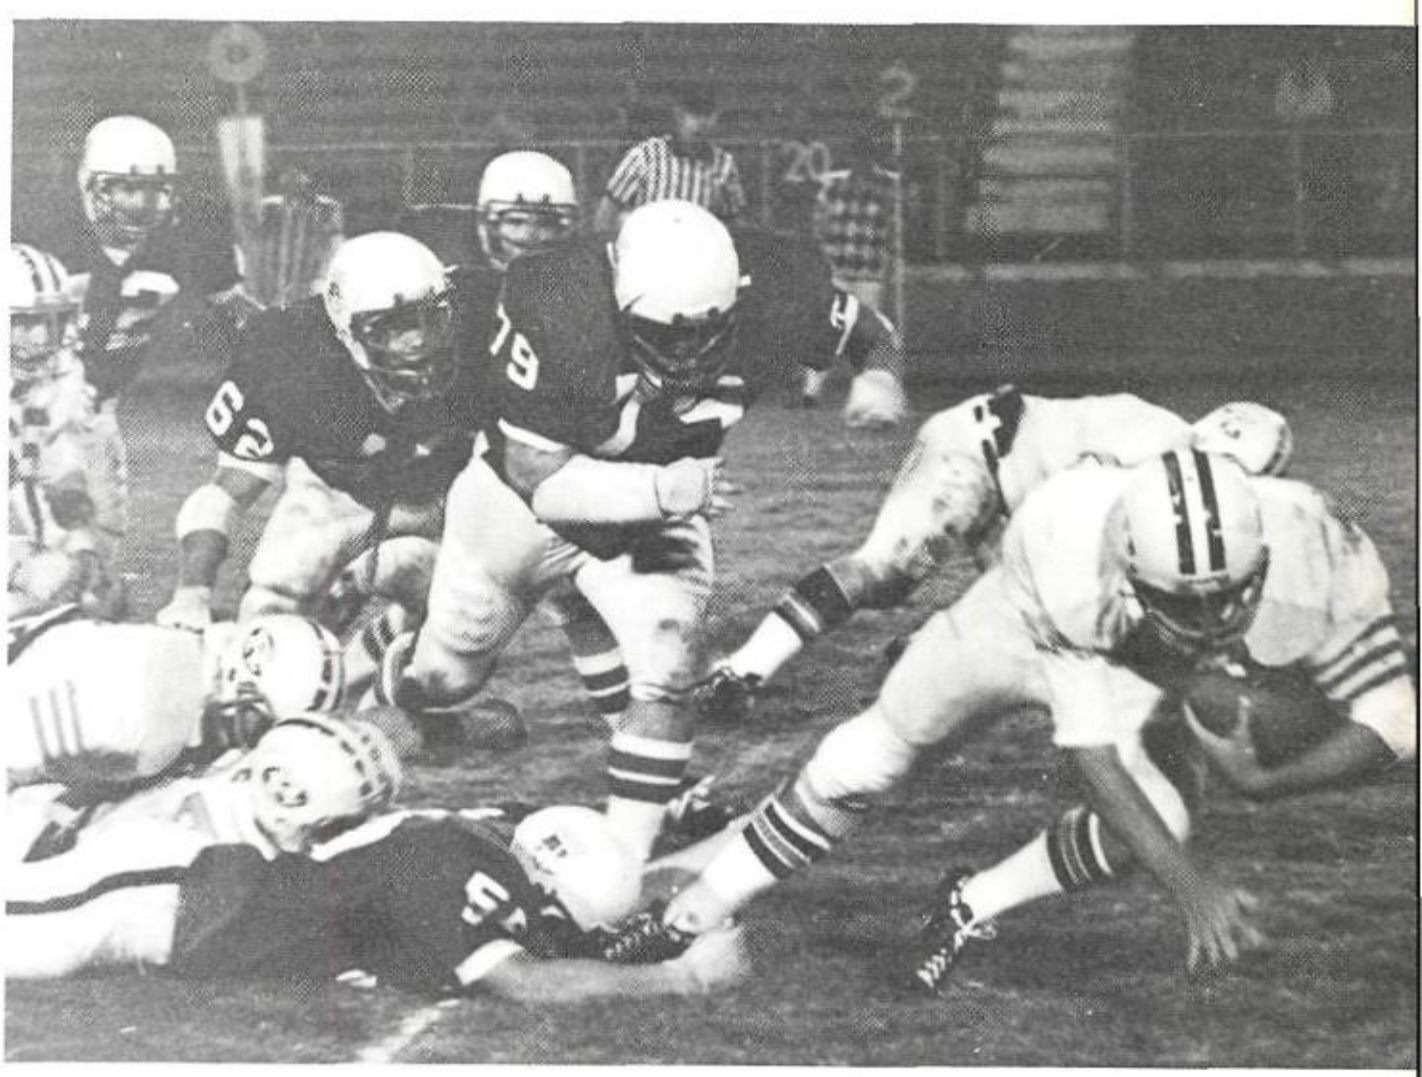
SLOW SECOND HALF KEYS BELL DEFEAT

Bell moved north to open district against the Coyotes of Wichita Falls. The Raiders turned in a strong first half, leaving the field trailing 6 to 3. The Coyotes opened the third period with a decisive touchdown drive which left the score at 12 to 3. Bell had trouble moving the ball towards the Coyotes end zone, while Wichita Falls marched to two fourth period scores. Bell recorded 216 total yards to the Coyotes' 336. Individual leaders for Bell were Kyle Massey with 17 attempts for 76 yards rushing. Darren Callaway recorded four completions for 56 yards. The score at the finish saw Wichita Falls ahead 26 to 3.

RIDER — 26 BELL — 6

BELL DISAPPOINTED

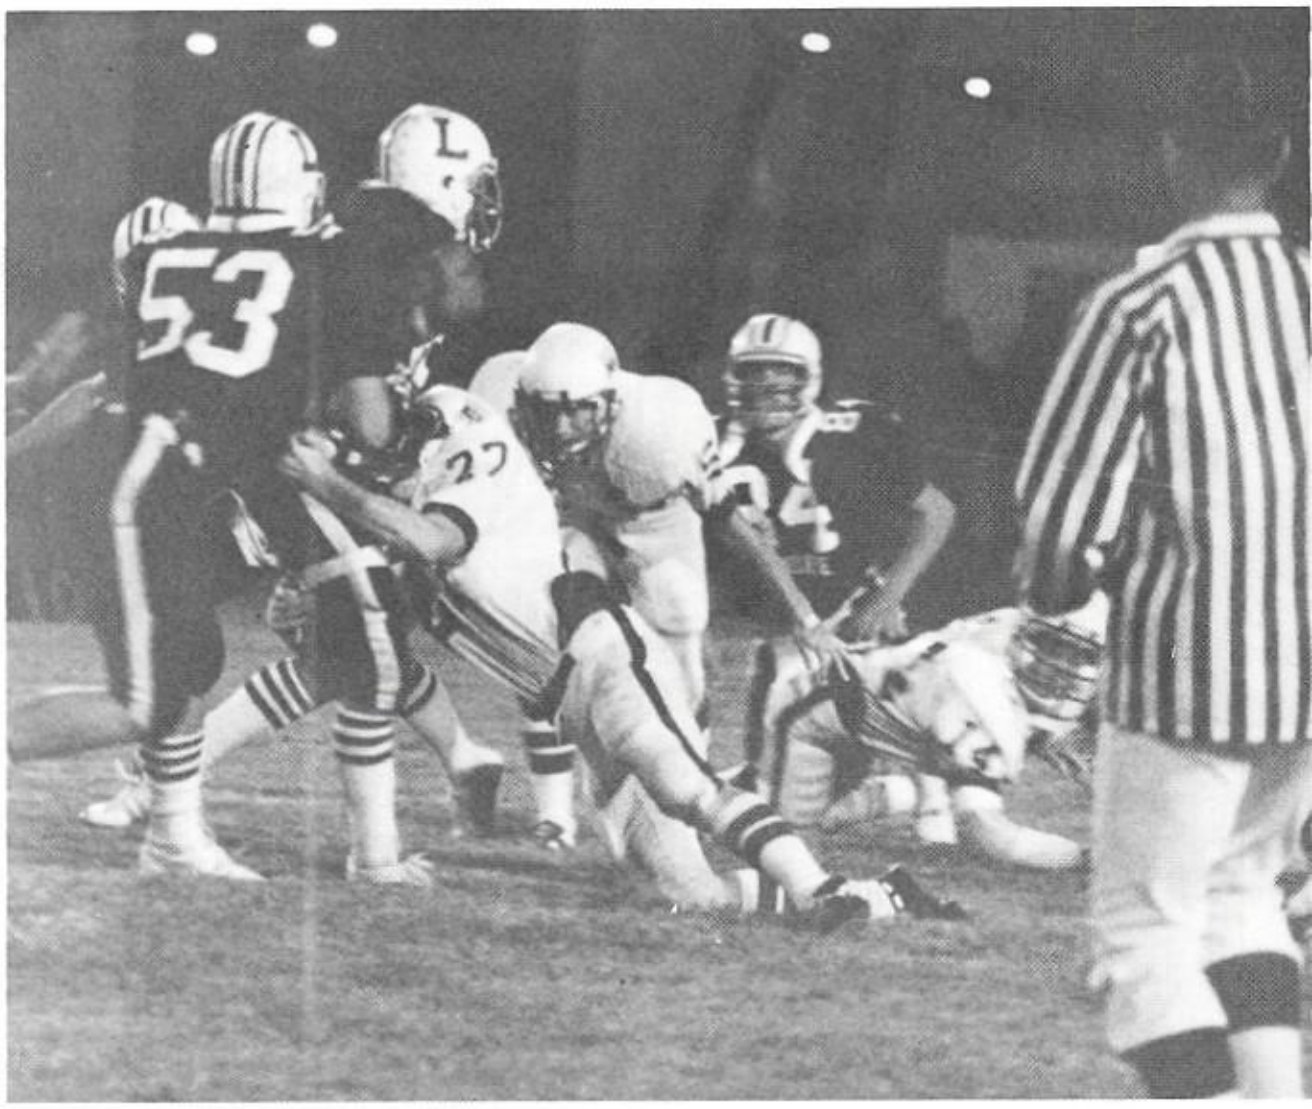
Starting out slowly, Bell found itself behind 7 to 0 by the end of the first quarter. Bell blocked a Rider punt on the opening play of the second quarter, but a penalty nullified the play and gave Rider a first down. Wichita Falls used that break to score and move to a 20 to 0 advantage at the half. The Raiders came out and began to drive on Rider at the beginning of the third quarter. Morgan raced 25 yards for a touchdown. Bell began to drive again but was stopped when a halfback pass fell short of the intended receiver. Rider added an extra score in the fourth period, while the Raiders could move no farther than the 48 yard line of Rider. The final score stood at 26 to 6 in favor of Rider.

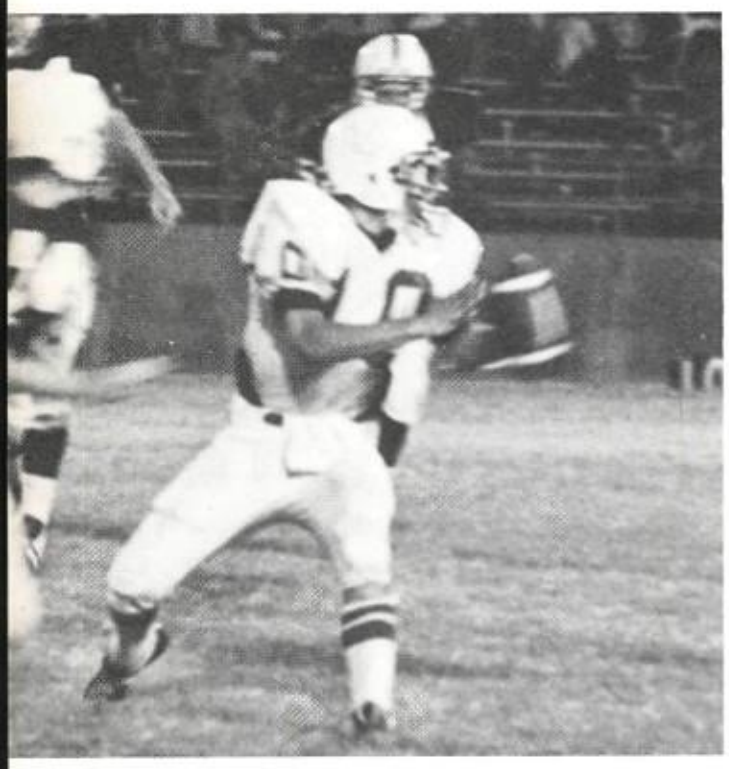


BELL — 14 LEWISVILLE — 10

RAIDERS TAKE FIRST DISTRICT WIN

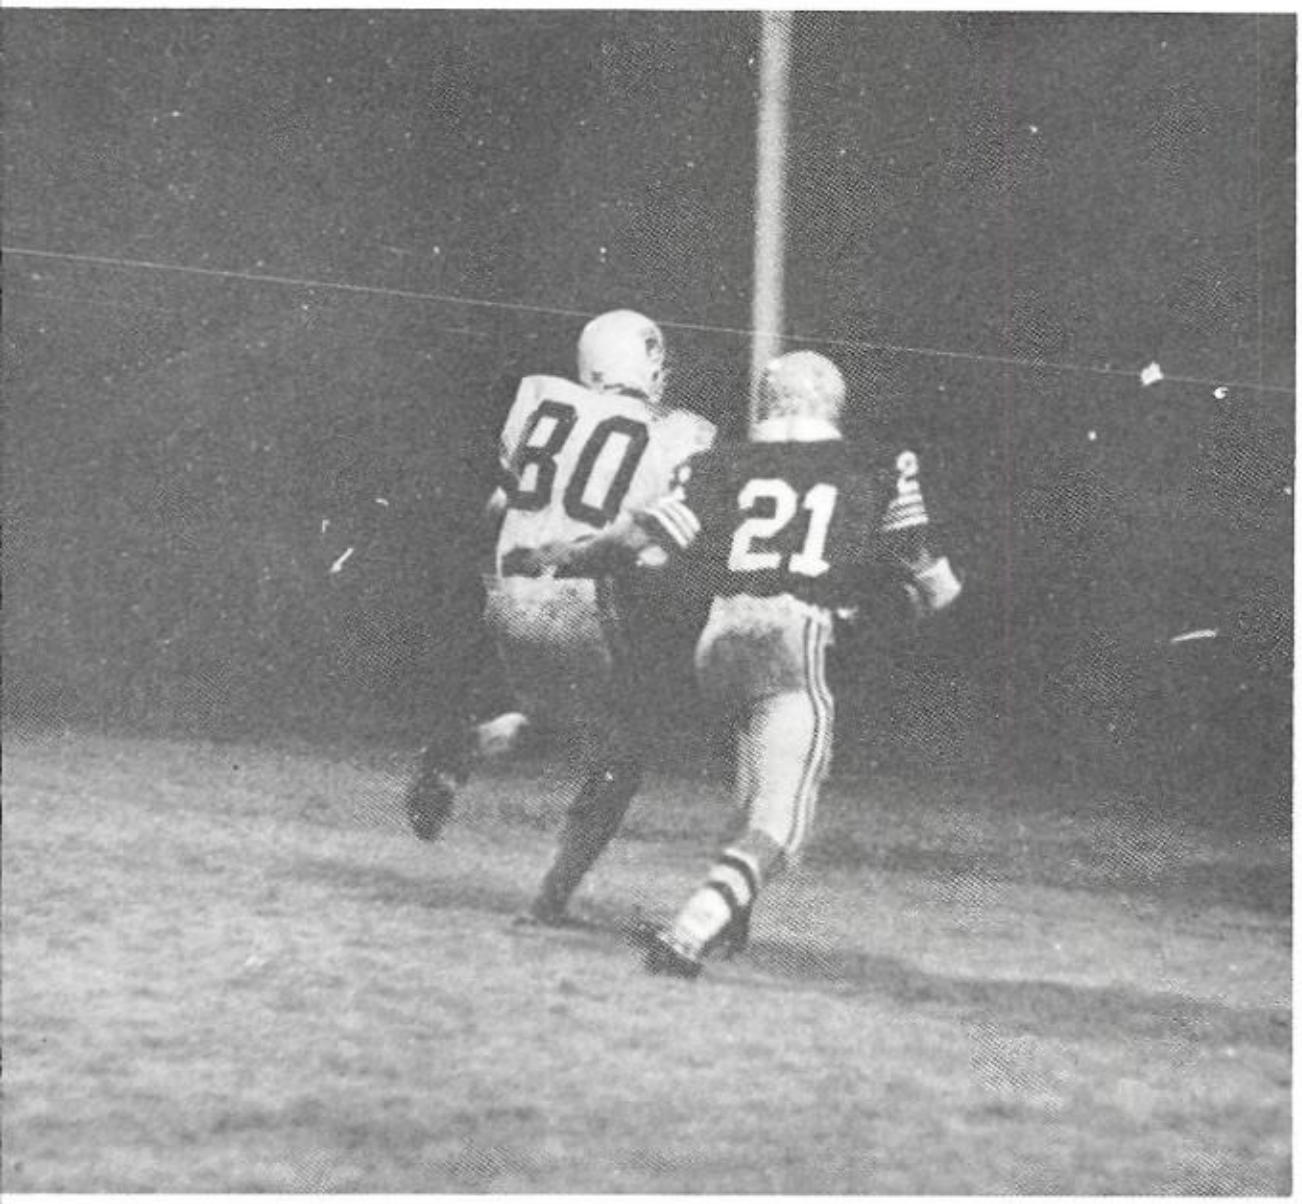
Bell moved North to play the Lewisville Farmers in the first district meeting between the teams. The first half was dominated by the Raiders who led 7 to 0 at the end of the first half. Osborne scored the touchdown on a 25 yard right end sweep. The second half opened as Lewisville scored early to tie the score at 7 to 7. Lewisville pushed ahead on a field goal against a stout Bell defense. With just over four minutes remaining in the game, the defense came up with a fumble recovery on the Lewisville 20 yard line. Three plays later on a fourth and one Callaway ran eleven yards for the score giving Bell the victory, 14 to 10.





DENTON — 10 BELL — 9

RAIDERS SLIP FROM EARLY LEAD



Playing in terrible weather conditions Bell watched as an early 9 to 0 lead slipped through their fingers. The first quarter opened well for the Raiders as they scored nine points. The first tally came on a Mark Henderson field goal of 19 yards. The defense stopped Denton with a fumble recovery. This set up the lone Bell touchdown of the night. Callaway hit Wommack on a clutch third down pass and then came back and hit Wommack again, this time for a touchdown. Denton scored before the half and then came out in the third quarter and hit a field goal. The fourth showed little offensive movement as both teams became bogged down on the rain soaked field.

For the second year in a row, Bell played the Huskies for the homecoming contest. The fired up Raiders quickly erased an early Husky lead via a 65 yard touchdown pass to Wommack from Callaway. The defense stood up against the Hirschi offense throughout the remainder of the first half, allowing the Raiders to take a 7 to 6 lead at the half. Not content to sit on a one point lead Bell took the second half kickoff and marched 70 yards for a touchdown. Morgan got the score on a one yard plunge with 6:11 left in the third quarter. The defense, taking up where it left off at the end of the first half, held the Huskies scoreless for all of the second half.

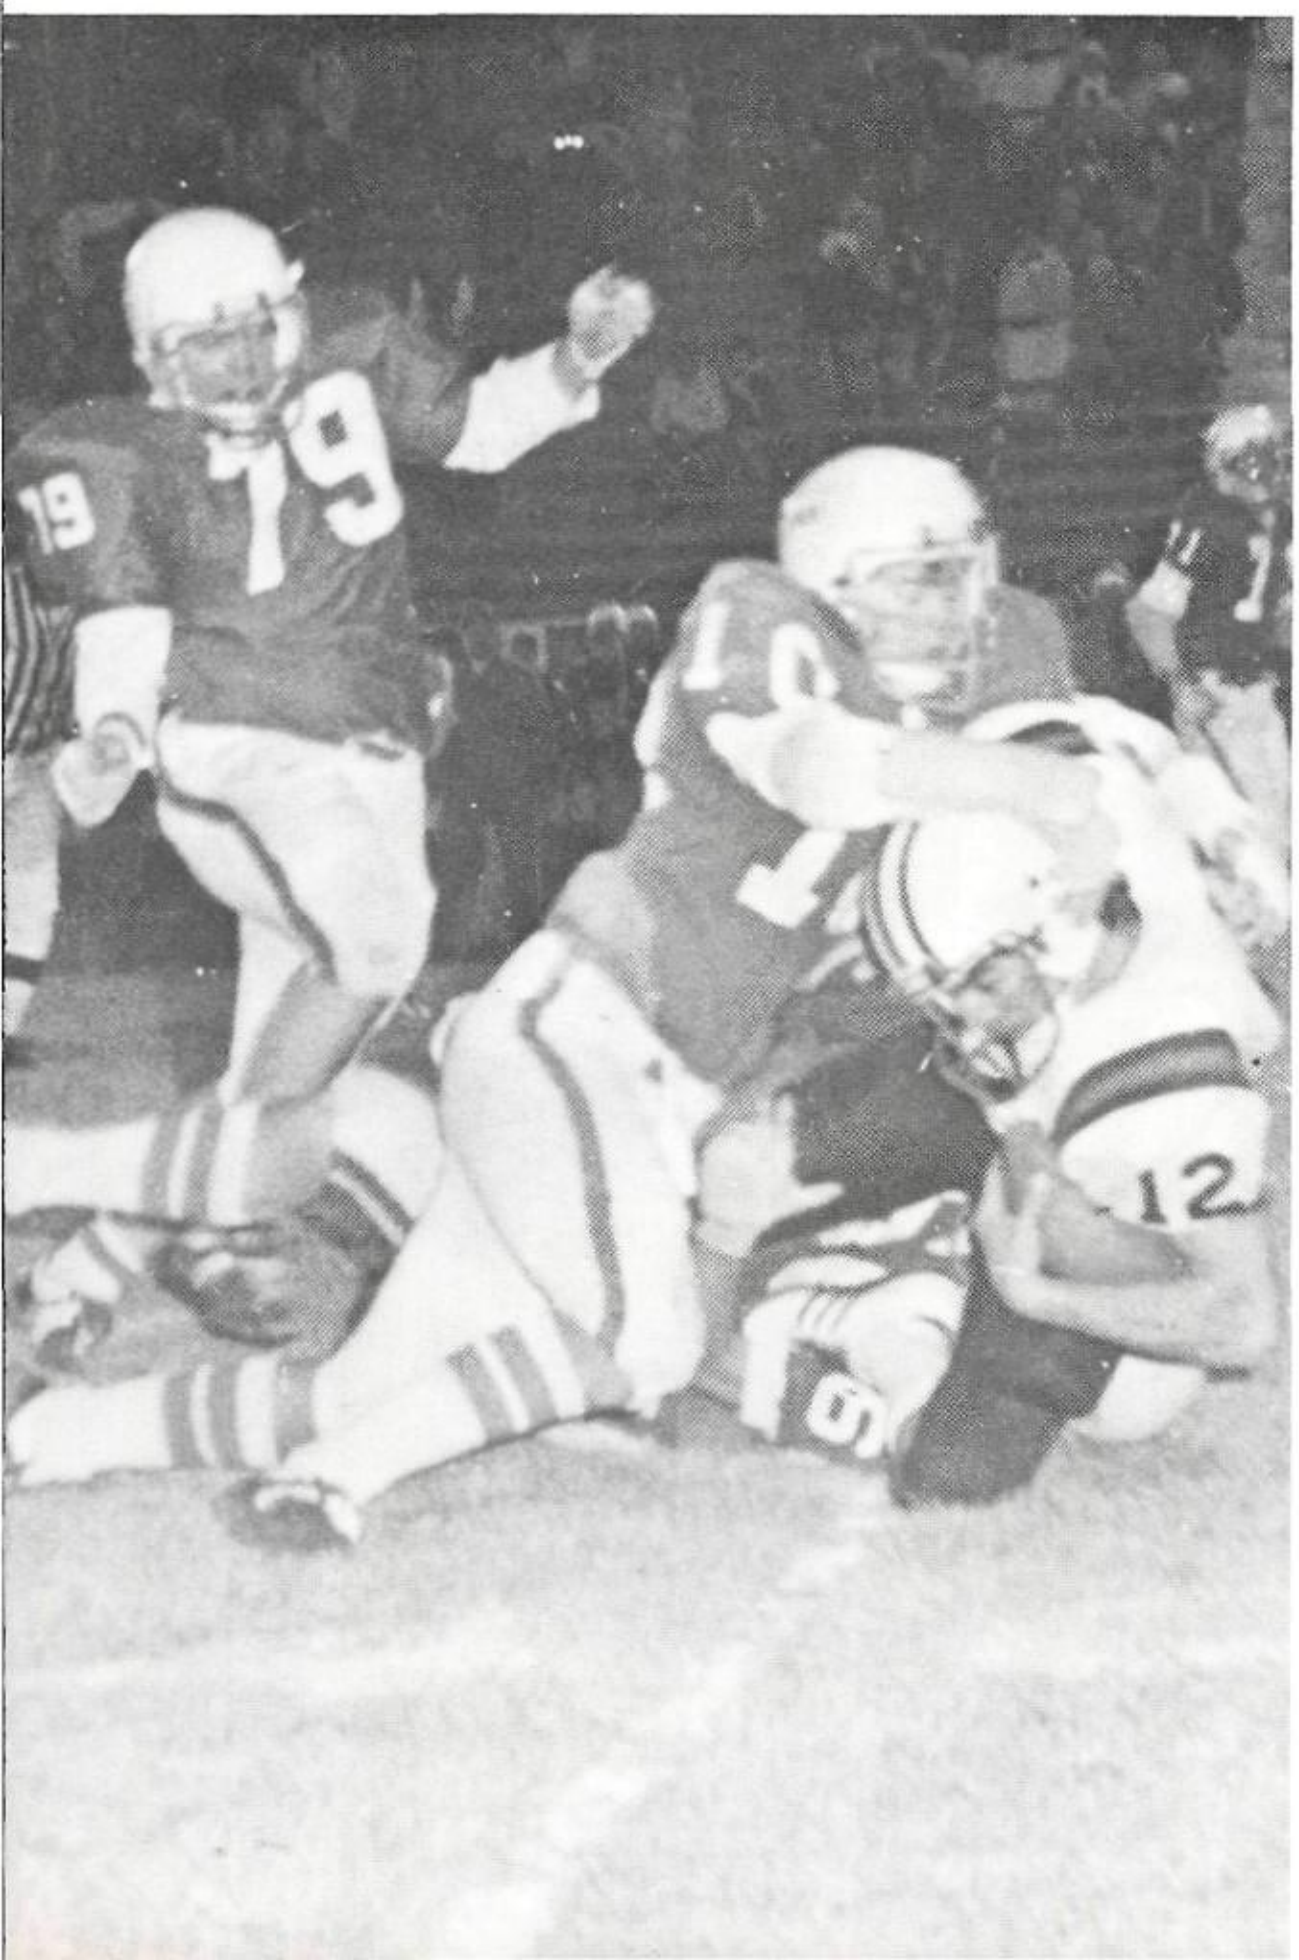
BELL CLOSES SEASON WITH EXCEPTIONAL TEAM EFFORT



When two rivals get together one can throw away the record book. So it was with the Trinity-Bell matchup. Trinity undefeated for the season had its hands full the entire first half with the stingy Bell defense. The Raiders jumped out to an early lead on a pass from Callaway to Wommack. Henderson added the extra point and Bell led 7 to 0. The defense played well throughout the first quarter holding Trinity scoreless. Trinity's defense recovered a fumble at the Raider 14 yard line, and went on in to score. The Trojans tacked on another score before the half. Trinity added one more score at the start of the third quarter. The Raiders refused to yield and almost gained new life on a near spectacular attempt by Wommack to catch a Callaway pass. But, the pass fell short, and Trinity went on to win 21 to 7.

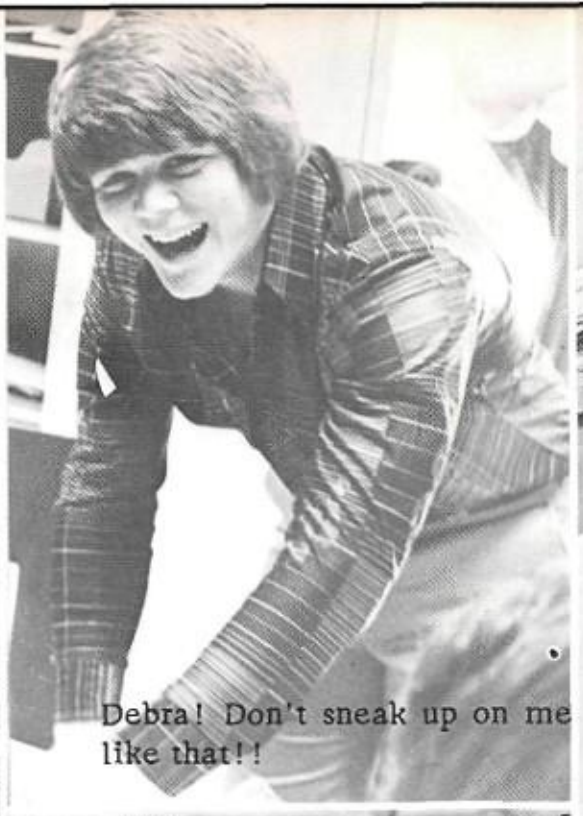
Alan,

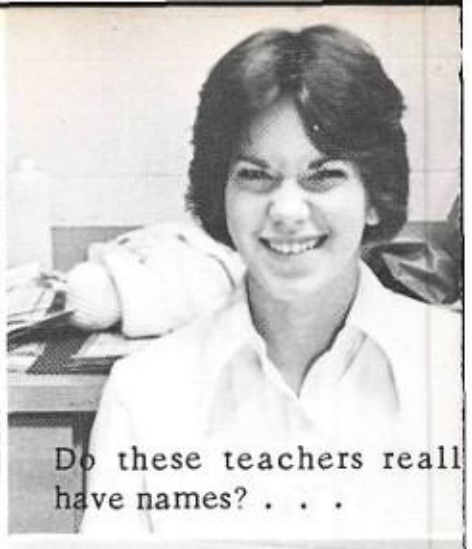
This year has gone by so fast. I wish we could have seen more of each other. You're a great guy and I'll never forget you. We've got a lot of good memories from jr. high and you were a big part of mine. I remember in 8th grade when I was madly in love with you and you wouldn't have a thing to do with me. (that's the way it usually is with me) Then finally in the summer before ninth we kinda got together. Oh well, it was fun while it lasted. Alan, you've always been one of my favorite friends, and even though I don't see you very much I still want you to know that I think about ya alot. I'll continue this on page 344 so I won't cover up your favorite picture in the annual.

All I've got to do is look pretty!

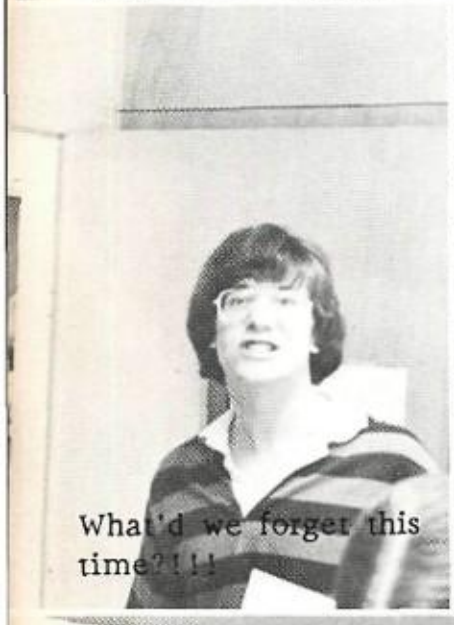
Oh, Wow! . . . (Varoom, Varoom).



Debra! Don't sneak up on me like that!!



Do these teachers reall have names? . . .



What'd we forget this time?!!!

Can't you see your pictures? They're right here!!

Chomp - You always were a little different!

Class ring? . . . Who- class - ring?

She's at the door AGAIN . . . (Meow,Meow,Meow).

Snif . . . Snif . . . Snif . . . Snif . . .

#*@%¢&#@$¢*@# !!

Guess who called? . . . But we're just friends.

Well, I'd better start proofing those pages!

Oh, I never use words like THAT!

Ricky? Ricky Who(ver)?

This has been a year of change for L.D. Bell High School. As well as our building undergoing a "facelift" toward the end of the year, the overall moods and attitudes of the Student Body and Faculty alike have differed from years past.

We hope that we have captured this transition as you have experienced it, and that between the covers of this book are many, many happy memories of your '77 year at Bell.

I would like to extend 14 sincere thank-you's to the RAIDER staff for every bit of work that went into this book, for without the help of each of them, this publication could never have been. And last, but surely not least, we would all like to let Mrs. Carolyn Dean know how much we appreciate and love her for being the fantastic person that she is, and for helping us out when things got tough. THANK YOU ALL!!!

Alan,
There is so much I would like to say to you. Ever since Elementary School I've appreciated your great personality and head of hair. I've always been a friend to you and will always be since all of the things we've had to go through. I can't imagine anyone's past being too much for you to handle and I know you'll get in to all the right colleges and universities. I'm expecting great things from you in the future. Keep your head up, Dawn, and keep smiling. Good Luck in all your endeavors. Don't chew tobacco Please!!! It turns your teeth yellow.

Maybe if you have any spare time this summer we can combine our good looks and cavage out to lake & score up some monkey or check out the skiing action. O.K? You take care of yourself & dont loose any weight.

Love,
Your Secret admirer.

Alan-
Well I'm really scared of what your going to write in my annual. I know we haven't been getting along to good + I'm really sorry. I know things didn't even work out between us + I know its my fault. I really did miss having your friendship. Alan, I really hope we'll all change. You really are one great person: During the summer, you did so much for me + we had a great friendship going. I hope + pray it'll be the same this summer. I always wish you the best in everything, because you are one who deserves it. The main thing I liked about you, was that you are so understanding. I remember, when ever I needed someone to help me out, I could just call you + you'd be there to help me out. Well I hope things will soon be the same. I'm sorry for what happen Alan. May God Bless Ya.

Love Ya always,
